(13)

1921 known the car worked in bluff
on every grant but all morning
and and cleared grain all day
Nov 11 I took out empty carts and
shipped it back to Qm. College
I also took out five bags of wheat
and sold for 1.50⁰⁰ at mill. Koppel
took hay out after noon and
brought home. A cold
wind all day from north and
did not thaw any. Cleared
wheat all day.

"12 A cold day again, sun clear
but no thawing. Tom & Mary
went to Van Lake afternoon
in cutter. Boys went to every grant
for wood, & tried to clean
wheat but engine did not
work very well and I did
not get much done

(14)

1921 Starnes had all day also
Nov 14 received a regular blizzard
all day but school was opened
and Cecil came down and had
dinner here. Boys did not do any
work today it was too stormy.
He had a big storm at this
time last year.

"15 Saw some clear and bright
all day but wind blew a thun-
der all day from N.W. and
snow drifted at our camp rate
a lot of snow in sun trees and
yard again, no school today

"16 A fine day and it got soft
for awhile but now has turned
right for very cold wind from
east all day and some snow
fell tonight. But all seed wheat
cleared today. Went to Van
Lake afternoon in sleigh and
for some pasture

(5)

1921 I went to Oak Lake fore
noon 1st hour with a few logs of
wood and had some six
hundred of log that is all there
is to come over. Having a little
to say but not much says
nothing.

" 18 I took some wood to the

small foreman and got some
cord for school. Found a
little foreman & Howard quit
a lot afternoon. Did some work
today. Saw that some foreman
out to Oak Lake and had
Herald in also some who came
from Koptin today

" 19 A cold wind all day but some
soften a little afternoon. Starts
out with logs what foreman that is
all the what we have to show
afternoon saw & I have out
to Mr. Youngs auction sale

(6)

1921 A cold wind all day
noon ~~1st~~ but in spite of it, there was a
little thawing afternoon. Kept went
to Oak Lake afternoon and went on
to Linden came back on the fore
I don't know. We did not do much
at home today only finished the sewing
and clean the shoe pipes

" 21 A warm day and snow went a lot
afternoon and clouds are filling up. We
danced wood all afternoon and got it
nearly all done. Richard came up tonight
and paid me for Thursday last fall
" 23 A fine warm day and some fog
part finished today went at
Linden in the this is afternoon
Walter took me out to Oak Lake and
went to W.P. on the 3:40 train
where I am to attend a meeting
of the Op. Society's executive to-
morrow

(7)

1921 Had a meeting in S. N. Barton
has 74 office today of C. P. Societies ac-
cording to the Bailey of Kellogg has
Kearns of Bartle, McKendrick
of Williams all there, had a pleasant
meeting I went to see Mrs. R. J.
McLure tonight on Dominion Street
A warm day and sun meeting but
there is more snow east of Graham
that west of it and there is no
snow around N. P. P. or bridge
at all
Mr. J. E. P. P. for home at 8:30
train carried people coming home
for Easter holidays I suppose
Rat to Car Lake at 1:40 and
I was gone for me in express
the first time I have been in
vehicle this year. Still all
have been out roads but, but
the big mud of water is over
and we beginning to rain up in

(8)

1921 A cold day below zero this morn,
has 26 when we far up and very wind from
north we all all day, we did not have
the same all day, I finished cleaning
our coat today, Motta was helping
my father
• 128 A cold day with wind all
forenoon then in afternoon it
got a hot summer and snow
melting a little, they got all
the snow up from family
and this is than what's in
lot of it. afternoon there
is snow to Car Lake in
express, she attended a business
my meeting and I attended
a meeting in basement of school

General Social meeting, W. Owen
and wife left at 10
today for Lee River.

" 31 Hobbie & Linné to Car here
to help Cecil move in the new
and wife she is getting for
the summer. A warm day
and roads very muddy. Hobbie
staying at Cecil's tonight
and only one line got through
on afe of line roads

(10)

1921 A very warm spring day and
Apr 1st Sunday went away a Lat and
Frank also there when noon Lat
Gene, Son and I left went un-
til noon, then in afternoon Walter
and I took Son up to Cecil. Hobbie
had been helping Cecil move in the
new and got home in afternoon.

" 2 Helped Linné all day and did not
drive much and found not day-
ing was more long so gave a
short day. Son & I left noon
in the noon then he finally had it
afternoon. Mr. Linné's here today and
showed him four pigs. Afternoon
Cecil & Linné to Car here
where we attended a meeting
of Epworth Society Directors
then afterwards I attended a meeting
in house of boys and girls clubs,
had home after dark and he is
staying here tonight

1921 A strong east wind all day.
 April 14 yesterday, but a hard west wind
 it ~~and~~ proved that up a lot and
 there is very little snow now. Today
 a very cold east wind again, and
 very little snow and it was very cold
 had to keep a fire on all day. A new
 one has all day. Ralph took four
 dogs out to Richardson's pasture and
 showed around afternoon. Walter
 helped at horse cleaning and Tom
 fed some wood.

"5" A very cold north wind all day
 and it was a very cold disagreeable
 day. Haggie's shear to cut these
 in May, a Cooper made maynought
 and frozen hard. Tom filled
 wood. Days did chores for about
 shop and did Ralph's work and
 machine after noon. Walter
 helped in house and did some
 painting in parlour.

1921 A still day and pretty cold and
 Apr 16 threatening snow all day a little
 sleet fell last night but not much
 but it ~~was~~ snow very hard for
 while this afternoon. But things free
 up severely. Tom filled wood, Ralph
 got sheep from fore and clipped part of one
 horse. Walter painting in house.

"7" A cold stormy day with N.W. and
 sometimes storming so hard we could
 hardly see, about 5:30 we had a snow
 fall and it blew a hurricane all
 day. Linnest up to Hyman's school
 with Louisa and his wife and we
 had a meeting there and organized
 the Sunday School for 1921.

"8" A very cold stormy day so cold and
 storming so in Jan, Tom went to cut hair
 afternoon for burial. Spent the afternoon
 writing for 1920 today and it has cost
 me total income \$446.47 expenditure
 \$9898.79.

(13)

1921 kept sunny all out sunny all day
Apr Ray Gordon's came down from farm
and took hay up home.

Apr 9 Clear and Sun Shiny all day
Saw a deer to Car Lake after.

noon, saw another see the group
by J. G. Leonard and a lot
of stuff sold last night. My
one would be in home
I attended a meeting in basement
of Church about getting a minister
A call went from north all day
but no one visited since

" 11 A fine warm day all the last
folks remain gone and found the
shed up some today. Ralph
started to ship horses in and that
made clean of pelippos and of last to
So next and set it up for, took
out some some collar to get
fixed. Got in some hay into loft
and also got out some harness

(14)

1920 saw fine ice fishing all the
week. Roads about as good as any
time this spring but still some
dry up, Road not again tonight

Apr 12 Those my hand last night
and it was now before there was
out of ground but it dried up
quite a lot in afternoon. It
was a clear sunny day but
there was a cold wind all day
from N. W. I got all some
from road all ready for cutting
Walter was hauling out some
some shapel shapel some
" 13 Strong very hot this day when
we got up clear some time all day but
it took it until near noon to than
get. Was found dirt well afternoon
Was a state of day into loft and all
the replacement moved into front yard.
Ray Gordon's came to Car Lake
in afternoon. Walter hauling harness

(15)

1921 Stoper very hard this morn. and
April 14 he met them out until even
A very cold with east wind all day
and I suppose it will wind up
with another snow storm. Snow
was falling previous to a snow
drift was falling out because
all day. Kaphl's house was
to look late afternoon.
"15" Stoper very hard this morn.
when we got up and wind cold
from N.E. did not thaw out un-
til afternoon. Snow was falling out
for the previous all day. Kaphl
and I got a load of stone
from Coney granite. Went to
Oak Lake afternoon to attend
meeting of Cady's Co. Snow drifts
landed our machine all day
shows that H. Bennett's sta-
ed to look this afternoon

(16)

1921 A hard frost this morn. but
April 16 it got warm and thawed out
well at noon. Dr. Carter & I got home two
loads of stone from Jack Johnson
Kaphl went to Oak Lake and that
have a load of powder bag from
Dr. Carpenter. Afternoon I went to Coney
granite to see Brown's and that
there was not enough grain in it to
make it run so leave in a bucket
more. When you die in eight year
before it you will that is wet in place.
Kaphl was showing a Coney granite
fall blowing them, he had Coney call
whitehead up for first time
"18" A lovely warm day, so warm
as July. I used some seed all
day in Coney granite. Kaphl has
harvest them all day. and then
dressed in each night were
harrows when we intend to follow.
Kaphl's machine was

(17)

1921 A cold north east wind

Apr 19 all day I found some

Seed near Camps all day. Kelpell

found some water runs and in after

noon he was collecting a

fallen or long granite. You

can drive on righty near Indian

" 20 A very cold N. E. wind all

day some frost this morn. and it

was very cold all day. we

did not burn with charcoal

Kelpell had the picture of a little

water bird water bird it is out

to get back to the forest. You

shall find some seed out

ten and before to your school

on fallen near house

You did not all day. Kelpell

found some after some water

was away with the picture. The picture

like some thought and we have the

and wind near for three days

(18)

1921 Before to rain after we got up this

Apr 21 very cold frost as it came down at

noon it began to snow and Kelpell is

all day had out and took them out

when he was in hand. He sat in house

all day.

" 22 Kelpell all day no snow falling

but very little of what came yesterday

went away. Kelpell went to get back

and brought some wood. R. went

for some wood today and I helped

him as the weather was before.

But we saw some today

" 23 A fine day but a fairly

strong east wind all day.

and before went away a lot

down to get back after noon

and some are fearful muddy.

got some trees out west of house

and some before and a little

like some thought and a little

fell before we went to bed

(19)

1921 A cold day yesterday and
Apr 25 did not dry much we had
some rain during Saturday night.
We all went to ^{church} ~~school~~ yesterday and
roads were very hard, a big crowd
from London spoke a few minutes
& took Linnell out to West Lake
forenoon to attend rehearsal and
it rained on us most of the
way. Roads on far hills and
road. But not because, Walter
was cutting down two bush of
honey. So we to work on land.
Saw that next when today and
it was very wet
" 26 A cold wind from N.W. all
day and will freeze here tonight
We all went to River forenoon
and they driving to their farm
Abby's. After some I finished her
rotating the eight, several fall plowing
Kephel now cultivated and this hour

(20)

1921 A very cold N.W. wind all day
Apr. 27 and we had to wear heavy coats
and hats. Did not begin to work un-
til nine o'clock and of four I was
dried on Coney granite over Lane
rich. Kephel now cultivated down
there and you should in west
So acres where we intend to plow
down & freeze very hard this way.
" 28 Thayer so hard this day. we
did not do any thing on land un-
til noon. Walter & I went to road and
let off some water there, Tom Skiffel
should not because forenoon. After
noon I finished reading my book on
Coney granite. Kephel now culti-
vates a seven a bushberry and
you now live on fallow. Walter
was clearing up all day. Rice
Came for seed in last ~~today~~
today. Very cold with most
wind all day. Thayering as we
to ~~to~~ ~~to~~

(21)

1921 A clear day and fair from
April 19 nights all day but it was
a cold wind from west all day
down to 20° at 10th found our
fat gone sweet and cold for a while
Kupuk was Cautious on snow
in the morning. Tom was dressing
east of home. I began to see
what a bear after noon.

"30 A few feet (Sunday) day
we did not go out to work
forenoon but did afternoon al-
though it was noisy and fire
we had on a small cloth as
he writes twice, visits, caps and
heavy coats and then when
midway from N. to S. I started
on backtracking and kept
now collecting than in after-
noon. The fairer like being
up by end of June and
~~started~~ in small fields near Stebbins

(22)

1921 A very cold and windy all day
May 2nd although our snow remains but
we had to wear heavy coats and
hats all day. The fairer like small
fields near stable and began to put
on yellow near berries. Kept
near Cautious on backtracking in
snow all day. Prate and I took all
the pieces of dice and found them at
afternoon Prate a bear cold
and wind all the time. Mr. & Mrs. put
Tommy here for a while tonight also
Joe Blackman we had a party with
Vernon. Myra is at home tonight
Lemo she is going up to be ready with
him tomorrow.

"3rd They had snow at times but a very
cold and wind all the time. Kept
near here in yellow on snow. I find
it hot today. The backtracking and you
in yellow. Tom some slightly and
Prate in heavy coats. Myra

(23)

1921 and I all went to Oak Grove to
night with the horticulture in car
I was attending a plowing contest
Committee and seeing a lunch
getting the printing done for it
and boys attended a forester
meeting. That by myself
May 14th Wind out again all day but
Sun's way clear and it was the warmest
we have had yet. I went out with
on Sunday all day. Ralph was
at Lincoln. Sam plowed some grass
trees from north of pump, he
also plowed the new garden and
then he finished putting filler
on every place over kitchen
Walter got some trees planted he
got some paper and is gone out
to Oak Grove in it tonight, to
meet people who is coming
from the Valley

(24)

1921 A fine warm day and went
May 15th got some S. S. & saw some all day
on Sunday but did not get much
done as there is a lot of drought.
Ralph cultivating a head of me, Sam
and Walter put a stack of hay
up with logs and got some
plowing done for trees. People
got home from the valley at noon
today came out with Sam
Ralph
" 16 A fine day & worked on Sunday in
garden all day and got a long well.
Ralph ran to Lincoln and Sam
harrowed the backstreet. Walter
was planting trees all day
" 17 A fearful sandy day from S. S. & air
full of dust and a very disagreeable
day to work. Slept on Sunday all day.
Ralph finished the cultivating at four
o'clock, Sam finished harrowing yesterday
and then began to remove manure north

(25)

1921 I finished sowing what on
May 9th began at the place that
means all our exhaust and what
slightly that we dig 185 across
all, then I commenced at noon
on rows until six o'clock, kept
packed the hoeing north of
well on rows all day. Tom fin-
ished some head lands on every
quarters with working plow, and
then began on eighth rows where
heat was last year to plow it
for oats. Walter was planting po-
tatoes in Green Park today.
A slight breeze from N.E. all
day very hot at times
" 10th I finished hoeing under
on rows at ten o'clock and then
got all the slugs out there then
rowed that I had sown last
year. Ralph finished planting
headings at noon and

(26)

1921 began to pack the 40 acres of fallow
on rows. I went to carry quarters
afternoon and finished hoeing
the fall plowing. Tom was plowing
for oats in S.E. so with fine
harrows. It began to rain pretty hard
and we all came home at four
o'clock, it rained for an
hour a lot of old things
ought to grow fast now
Walter planting garden.
May 11 a dull cloudy day did not dig any
as it was windy & close, and at 3.30
it began to rain and we all came in
now came from north and was
very cold. Tom plowed for oats all
day. Ralph plowed with rows
and then spread manure. I went
to Oak Lake for manure & put
some seed potatoes from Widen and
also a barrel of manure's oil.
Then in afternoon I plowed for oats

(27)

1921 Low and Splendid forecast
May 12 all day. Kephth got out Brown
and also one of her few hares.
Went west to our lake afternoon
for a picnic. Green and roads are
very muddy and sticky. A warm
forenoon but for very cold
noon night and will freeze here
tomorrow.

" 13 A very cold day. Wind and splen-
did forenoon, then afternoon. When
reached the spring plowing and had
to take out a line to get piece of
plow. Then plowed afternoon so well
for oats. Kephth packed in saw all
day. Walter went out in buggy and
Haniel brought home a buggy horse
and Walter back on. Straps so
hard this day, we could not
harrow and a very cold night
next morn all day.

(28)

1921 A very cold day had frost this
May 14 day. Kephth could not pass any
in seven until after nine o'clock, then
a Splendid forecast on flat ground all
day, a very cold wind from N.W.
We had a heavy coat and stable
with all day and still was not very
warm, Walter digging among trees.
Kephth went to clear horse trough
with Carl, they brought home
harrow Smith and one Roberty
" 16 Less potatoes for seed all day
and Walter plowed for oats and Kephth
packed in saw. A. Brown came out from
Carthage today with W.C., he is on
his way home from N.Y. to Edinonton
and will stay here a while. W.C. was
going to work at Kenadygo. A fine
day and not cold but a cold
forecast at times.

(29)

1921 The warmest day we have
May 19 had got out some like
Spring. Wind has got out again
Now our potato plants with some
them they planted potatoes west
of trees. Kappel finished picking
in town at ten o'clock tomorrow
out from west side now and then
plowed for oats afternoon. I
cut potatoes with some. Then see-
ded out after the first out we
have town. Weather took S. Brown
out to Oak Grove at noon. We all
went out to a carpenter's
meeting to vote for a minister
tonight and gave a call to a
well known from Capital City
" 18 A fine day. I drilled out all
day. Don plowed and Kappel finished
them all day. Don & Kappel finished
planting the one of potatoes at
noon.

(30)

1921 A fine day I finished working
May 19 forty acres of oats at four o'clock
and then ~~the~~ finished the rest
ground across. Don plowed all
day. Kappel finished forenoon
then he ran dies on some
spots in fields near Brown's when
there was still some and then
he plowed balance of day.
At strong east wind all
day but hot and fresh
like rain. A small shower
this night.
" 20 Raining when we got up and blowing
hard and kept raining until noon, a
lot fell out ground should be in good
shape now. We did not hitch up today.
Don went to Oak Grove in buggy after
noon, boys and I did some crushing
and also killed a pig. Don drove
Booy for a last night a small
calf.

(31)

1921 A very hot clear day. Went up
May 21 by forenoon and returned
before dark had some of the
best we could hardly work it
was so hot. You & Kappel please
all day. Maete was drawing
a stack bottom of Gray granite
forenoon, feels like rain tonight
had some lightning in south
• 28 A fine day but it rained every
all day yesterday, a hot feel
and Maete is very wet
a heavy fog this morn, then
& Kappel followed for into
all day. I took Kammel out to
School forenoon and in after
noon I returned, there was
not after noon for Kammel & Kappel
Kammel as there is no school
tomorrow. Kammel says to show
great now. D. Smith came home
with one from the lake

(32)

1921 Cool went to Warden today and
May 24 Kappel went up to show for
Kammel. A very hot day the bottom was
down here. You & Kappel please
for out all day, I found out
then forenoon.
" 25 A fine day. Kappel & you please
all day for out. Maete and
Kammel. D. Smith has for
tea. Maete took car out after
tea left is at Stingo and has
some hay & hay for Kammel
took them out this morn.
" 26 A fine day during the night part of
the forenoon at four o'clock and began
to shower some of it across after.
You & Kappel were plowing in the tea
and fields were still. A fine
afternoon and all pleasant that
forenoon was very hot and
we could hardly work

(33)

1921 A fine forenoon but got very
heavy 2nd wind and cold after noon, I
had to come in and get on more
clothes, Tom & Keaton pleased in the
evening until now and then went
over to party over fields near Bendons
and began to blow the fine day
Gretta & I went to Agon
riding and got three tons of pease
slay three out of a car that someone
Rayne got in, I commenced work in
the night across all day and
finished it tonight
"29 A very cold day I had to come
in from riding and put on more
clothes and very cold from
N.Y. Ralph finished plowing
in the evening and was still
at noon and then began
to work out in eight acres
Tom & Keaton kindly pleased
from Sunday all day in

(34)

1921 Party over near Bendons
I commenced the two acre fields
and then rode it with me
that finished all our work
Smithy across in all, Rayne's work
over in largely today and brought
several home
Rayne's long and all day had to wear
coat I finished mowing out
forenoon then pleased for half an
hour then pleased then all
day. Ralph was to care
late forenoon took out some wheat
a pig to Knight & also sheep
Some sheep to Bendons, and he
pleased into afternoon. Gretta
mowed down forenoon & worked
among trees after
"31 Ralph made cutting in pasture this
morning, as he & Tom pleased all day for
Monday next to Bendons, I commenced
there nearly all day and also
over

(135)

1921 Got a little Harley since that
is the first of the season. Walter
& Grace went to Oak Lake in day,
then in afternoon Walter took car to
Brimmole for repairs and after tea
Lance, May & Annie & I left went
to Oak Lake for repair for parts
I went out after tea & Oak returned
a bad day and we had to wear
jackets all day
even, ~~at~~ having a little when we got up
and we did not go out to work with
nice air last and worked with some
snow which blowing and I was sun-
ny body, but it was very heavy so
I would not stay and tried to
perhaps, very cloudy and did not
stay away, then at noon it began
to rain again and kept at it
all afternoon not heavy but
steady and a lot fell raining as
we go to bed, then a shower

(136)

1921 new potatoes in cellar Walter made
this rain will do a lot of good
since the snow is 64 years old today
and for this is 48 years since, kept
day today you & I kept plowed
for Harley all day on forty acre
meadow, Walter worked on main
one forenoon and after I went home
and worked Harley, forenoon &
picked new potatoes in cellar, that
morning and it got very cold after
noon about a dozen drops of rain fell
but it cleared up again, cold tonight
and feels like frost
" 3 A lovely day but too hot but very
pleasant for now day and a bright sun
all day, some plowed for Harley all
day on S.W. forty acre, I plowed some
there in day, and worked the same of
day, standing all winter out to that state
in day, to fall day for children, Walter
another & Grace for about an hour
and Walter plowed afternoon

1921 I finished seeding barley on S. W
 June 4 forty of the teams and began to
 harvest it soon. Some finished plowing
 at noon then went to Croy grants
 and plowed a stack bottom there
 and then began to plow in south forty
 for barley. Kappel ran cultivation on
 full plowing on Croy grants all day
 when we started doing barley. Motts
 was cutting manure in pasture west
 of house a nice one day but
 wind out

" 6 began to rain yesterday Sunday
 after dinner and kept it up until
 we are bed time, a slight drizzle all
 the time. This was very much
 began to plow in south field and
 kept at it all day. I went to cut
 hake for now in wagon that cut
 some potatoes to W. Korman
 roads very muddy, wind out all
 day and ~~the~~ rain

1921 all the time, not doing any Motts
 hauled out manure all day
 June 7 a clear hot day saw a hawk a little
 but not very nice and found the
 wet day a great deal. I harvested on
 forty near Kankin all day, some of the
 barley is up there. Kappel plowed for
 noon in forty south of house then in
 afternoon he ran cultivation with
 six horses on Croy grants. Some
 plowed on south forty all day.
 Motts went up to Beech for fire
 wood from here and began to
 plow near night, we will harrow them
 a few days to harkus out.

" 8 a very hot day clear very little breeze
 from S. W. and seems like rain all the
 time, a hard day on horses. I finished
 harvesting the S. W. forty at nine o'clock and
 then went to Croy grants and harvested out
 of day there. Motts & I plowed all day
 south of house and Kappel ran one
 time on Croy grant

1921 A very fine day and out to
 show ~~to~~ warm part for for cutting
 with wind S. & E. all day, the fine
 is the blowing S. & E. party says out
 more also finished tomorrow it
 and began to plan for barley
 in south fort. I finished setting
 barley in S. & E. party and began to
 hand it in evidence. Walter was
 cutting mistake on City man
 school all day. Walter was
 running cultivation only ~~the~~ blowing
 as City granter

June 9 All day long warm enough
 and quite nice breeze. A small
 shower in night. Keppel ran cul-
 tivation and harvest all day on
 City granter. Tom packed on
 S. & E. party all day. Walter plowed
 in south fort and I worked
 barley on City granter. Tomorrow
 meeting the day

1921 A fine day for working a small
 shower of rain at noon and a part
 along some afternoon make it good
 for some working. I sowed barley
 and harvest on City granter all
 day. Keppel ran cultivation and
 harvest there also. Tom packed
 on S. W. so was barley all up there
 Walter plowed with Dick's horse
 all day in south fort granter

" 11 A fine day but it got cloudy. Ser-
 ved times and we had a few small
 showers of rain but not enough to stop
 us working, but the rain has
 been a big rain but so it was very
 short up that way and there was some
 thunder. Keppel finished cultivation
 for barley on City granter and then
 raised the balance of day. I also
 did some harrowing and tilled in
 barley. Walter sowed plowed in south
 fort with some than we took part

1921 of plow and Walter took them out to be repaired, but then we went along and Cecil had to go after them as our car played out. I then went up to Dal's after noon and got 25 bags of barley. June 13. I found her today, barley on Cay's quarters at one o'clock and then saw into the forty acres south of home and worked the balance of day. Snow was blowing with something blown from our house west to our gate forenoon in heavy wind changed some blown points and after noon I went to plow with the two traps in south forty acres Ralph finished harrowing on Cay's quarters and then harrowed balance of day on south forty. On June 14th Cecil took his sled yesterday we skinned him tonight. A hot day at times and plow not late

1921 A warm day with some pretty June 14 stay from 8 & at times some horses today are for sale like a young Shorn in south but we did not get any hay. I scolded in south forty all day, then plowed three until noon and then went to park on Cay's quarters. Walter plowed in south forty all day. Ralph harrowed on Cay's quarters all day. W. Watsons has tonight he is taking the census. J. Caplan too show for tax and we had a school meeting at his place after dark "15 A dull dark day and it kept dripping rain nearly all day, but very little fell, we quit work before five o'clock, Newby's due next week or at all so it did not rain much, but it will do good as it is soaking in. Then packed on Cay's quarters with

(173)

1921 Nov, the ground was too wet
and the plowd west of town. Rapp
harrowed & plowd in south 40
until done and the plowd west
of town also. I worked today in
south 40 all day and did not
get it finished. Weather was sunny
pleasant &
since 11th I finished sowing south 40 with
harrow at about 10 o'clock. Tom & Ralph
plowd in pig pasture all day. Water
had and plowd forwardly I went up
to Cecil in buggy afternoon ~~time~~
up a fine home built them out
on to last hole, which shows a
good main come up and a lot
fell. It kept dropping from
10:30 nearly all day but I know that
not heavy as long as it was just
work. The day at business
what I expect the main work
a pair is a lot

(174)

1921 a fearful day the
since 19 harvest & this the year
Tom & Ralph plowd in pig pasture
until now the Tom finished it
afternoon and began to die then
and Ralph harrowed in south 40
over & harrowed that also, the
harrow is beginning to come up
and we are harrowing it across
" 18 a slight rain this way, but just a
sprinkle over the fields sprinckle
thought. A nice breeze all day but it
was pretty hot. I finished har-
rowing south 40 at about 10 o'clock
then in afternoon went to last
hole with buggy in third ear
left there for some at some o'clock
and it was pouring rain then
a lot fell but we only got
a sprinckle at home we had
no trouble getting up here at
home with the machine

over

(45)

1921 Ralph was Calhoun's on forty
acres of fallow in Coney place.
Don ~~the~~ finished driving pig pasture
and got it harvested. Motta was
working at hedges, garden,
since 20. A very heavy storm of wind and
rain came up yesterday afternoon, blow-
ing down some of our trees west of
house were blown down and now only
So we could not see the beam
house at times I think we had
nearly as much rain as we got
yesterday altogether. Today is
drier and dull most of the time
and some a little and there was
a frost breeze from S. E. & several
hail in pig pasture all day, it went
pretty much by fours but better
at ten. ~~Little~~ but can out
to D. Wright's farm, then in
afternoon he and Motta began
to plow fields, the party were

(46)

1921 On Coney place that we plowed
last fall and in taking down for
fallow, we have 8 plow teams
as when the farm records have
got so long that Calhoun's and
I'll leave out. Hatched some
today and bought the cow cal-
ticator for \$400 and paid me
\$200 down on it
June 21 A small shower this morn. and
looked threatening for awhile but it
cleared up at ten o'clock and set
N. E. and it was a pleasant cool
day. Evening meeting was held in our
field today two tractors and four
gangs plow took pair a lot of
people were there and we had a plea-
sant time. Myrie had lot of
help at house and every thing
west of fence. We got a new
ten acres plowed

(47)

1921 A hot day but a nice breeze after
the 23 noon. Finished reading history in
big box at ten o'clock that is all
the reading done to this year. You
blamed in fallow out of home all
day. Kept for home 200 bushes
of potatoes, beans, corn, onions
Sweet potatoes & all went down
to house to them Dr Clark and
W. A. Owen spent for home
shown at night
" 23 Very hot at times today but
it was a pleasant day in all
down whole place fallen on
Canty granite all day. I saw
in day, pasture frozen out after
I saw some water flowing water
was well.
" 24 Rained a little from last night
enough to make the steam come in
down whole place fallen on

(48)

1921 Every place all day. I saw some alfalfa
in hay, but that is left for rain and
I could not see how true it again in
after noon but have known and had to
take it out to that late, humid finished
writing has come on second part this
today.
Since the a fearful hot day the worst
of the season and in afternoon
we could hardly do anything
down & kept plow all day
in fallow on canty place
I finished harrowing where
flowing water was then went
to canty granite and some
there, I quit early and make
up what alfalfa was cut
and water for a load in.
A big shower came for us in
week this afternoon but
was worth. We had a big
rain last Sunday and could
stand another one when

(49)

1921 Another very hot day. Went
June 27 to Cart Lake in hay, and did
not get home until five o'clock.
Walter & Ralph got together with
Lafayette Brown and in afternoon
Ralph & Brown followed on Cart
Lake. They plowed on Cart Lake
all day. Walter saw Scaevola in
trees of town, hay, Grace & Manuel
went to Chautauque afternoon.
Boys, Manuel & May Gordon went
at night. Ralph & Walter went
now and found in getting very dry
and crops are wanting water.
"28 A very hot day again although
there was a small breeze at times
and it got very little rain. No water
and a few drops fell. I found the
Cart Lake & Ralph only after dinner
that Walter & Ralph went to
in cart. They plowed followed
on Cart Lake all day. *no*

(50)

1921 Walter got all the Scaevola in
Green Garden at night. Ralph, Grace
& Manuel went to Chautauque
with Mrs. G. & Walter this day,
Manuel & May Gordon went at night.
June 29 A very hot day. No rain and
night and Scaevola hot. I raised
a small shower this day. Last night
was very hot and we could hardly
sleep, a lot of thunder & lightning.
Walter & Ralph worked plowing on
Cart Lake all day. Walter and
Lafayette Brown were around east
at night. A lot of rain, badly needed
after all this extreme heat.
"30 A very hot day but a few breezes
all day and the breeze. I don't think
we could have worked. A object shows
this way, but it did not last the day.
Walter & Ralph plowed on Cart Lake
until noon and I saw them there,
Walter in afternoon Walter & Ralph

(51)

1921 there and we finished the follow-
and got both planes fixed up to
follow east of home and visit
one round made there. Walter and
Kappel went to a Deque's dinner
at ~~the~~ afternoon. Post went
all day and wrote like rain
Kappel's Case as it is hardly
written.

July 1st Dominion Day and a celebration
in Car Lake but none of us went
to it. Tom and I planned all day
in follow in case of night. Kappel
& Walter got in at 10:30. Day, there
is still two birds are tonight. Post
has gone to Car Lake tonight. A
very hot day and had the hor-
ror. One dinner from Car
Lake this night and six children
all here for dinner today
then they went to Allen
McKeane

(52)

1921 A nice day all day and earlier
July 2 than we have been getting lately
Rained for about an hour this morn-
and about enough fell to lay the
dust. Went to Car Lake from
in morning two full minutes after
Tom & Kappel planned in follow
all day. Walter saw her from
and put some green on potatoes and
about up at 10:30. We could account
two weeks of rain and very cool
weather now for a week
"4 A fine one day a good change from
west and it was pleasant to walk
we could share some along and
no danger of heat. Tom planned in
eighty seven of follow all day
Kappel planned for a week and I
planned afternoon. Went to Car
Lake in morning for a week. Walter
and Kappel got in all afternoon
afternoon, we had some birds in the

(53)

1921 A fine cool day some shade
July 5 nearly all the time but there was
a cool period from west, then a
Kepler planned follow all day out
of house. I pulled sun tent for some
one done house in pasture afternoon
Walter out in pasture all day,
Rumel out in pasture forenoon then
He and Maggie went to Port Lake
in buggy afternoon
" 6 A very hot day but a cool breeze
some friendly rumors for rumors nearly
all forenoon but had time to go down
to P. J. Harris's where I met J. Campbell
and we have decided to hire him
Rube and she is to begin teaching
bushels of August when Kepler
planned follow all day. Rumel
& Walter out in pasture west
of house all day. Mr. C. & three
kitts all came out in car this evening
also Russell Hanson who is going to work
for us

(54)

1921 A very hot day again and no rain
July 7 can't see why we don't get rain
as things are turning up every day
and our crop now can't be more than
half and it is badly weather. Some
Kepler finished plowing all the
follow we intend to do first now
as we are losing some of it for pas-
ture. Walter & Rumel finished cutting
the pasture at noon, and sent
some hay on road after noon. Small
Gowan's began today.
" 8 A fearful hot day. Walter
and Rumel out hay on road
and finished about hay the
day three hours Walter out three
times more in about an hour.
Kepler and I went to Bay Point
and got two big stone mules
for sale. No rain but and
from going back every day.

(55)

1921 A fearful hot day
July 9 heavily impossible to work
I finished making up log in
Even at noon, sun, rain, and
Donald Brown, ceiling it up
I went to Carl's house after noon
with the finished log.
I went to Carl's house after noon in
hurry to attend a G. W. meeting. Free
from work because we would want
people are very careless about making
as it looks as if very little would
be required. Got quite Carl towards
evening feels as if it had rained
Some place
" 11 A small shower of rain. This morn-
ing it looks as if it might em-
time all day, but only a sprinkle
falls then it cleared up and was
very hot all day after. Finished
and checked almost forenoon, but
afternoon had to work in woods

(56)

1921 with few homes. Donald's house
west of trees, sun was shining, but
low in day quarters. Ralph was
working out because, but he and
I went to Carl's house in the evening
and came home by E. Williams' bridge
before pulling' mustard in out of the
house home.
July 12 Sun very hot all day but there was
a good breeze and it made it pleasant to
work in forenoon, but it was very hot
afternoon. Ralph worked on road all day
but he helped fix up Smalley's afternoon.
Went to house in fallow. Donald's last
day all day. The Sunday School picnic
was held in afternoon. Clouds up and
breeze very little rain near night but
all cleared of again and was clear
" 13 A very hot day and wind blew
from all quarters. Went to Carl's house
forenoon in car, and afternoon I
worked in woods. Carl came in

(57)

1921 Sun. and took home the horses
Donald joined Cutting Day
on some forenoon and tomorrow
afternoon east of home on fallen
logs, Kappel & Walter got home from
loads they forenoon from some
end of the noon they came up
they there. A big rain fell
east of here today, about a dozen
drops fell at home but more
at all in evening
July 14 A nice good breeze from
N.W. but as time it was
very hot. Got all the hay on some
net and Corlie up at noon
and in afternoon we got two loads
hay home and into loft, Kappel
worked on roads all day, to top
of main part.
15 A very hot day again finished
filling loft with hay for in afternoon
loads in all, and after noon we

(58)

1921 began to build a stack of hay on
evening, Donald was making one western
on some the same time forenoon and
afternoon he had in garden. Kappel
was on roads all day, we have in all
our road work now and put in
half a day extra. Cecil here for
dinner and took home a load of
hay and a trust of oats with him.
A good S. E. breeze afternoon but no
sign of rain.
July 16 A very hot day again when pretty
hard from all parts of Chappin, but seen
the birds on some and some during
day. We all worked at hay forenoon
but in afternoon, when tomorrow fallen
east of home and rest of us at day
Donald is making the second time
Walter, Kappel and I got all the
food home hay stacked up we have
two nice stacks on some, grain all
going best every day, wants as if we
young horses and have a coat

(59)

Green

1921 I left home on Monday the 18th
July 20 after noon and went to Rekan
Armenians, we went to Rekan village
for tea and then stayed there and I
went on to Armentz above there
I came back the next day to Rekan
for three, that we visit at Ar-
mentz and left there for home on
Wednesday, Aug. the 30th and by
Kafid City went in to see Muelak
and back in Harkis fair on way
home, they got wet this all the
time and no rain, crops began to get
good soon as we left Armentz and
around home back and until we
got three miles east of Kafid
City the crops were strong and fair
a good crop for my age, ground
hardly crops are also a wonder
for such to the three days they are
have. Now finally I am away
of all and began to back

(60)

1921 it is while there away and days
were for things up now they and some
with me out for fair.
July 21 Another day that day and day as
usual. Now for the follow on Aug
place. We went at the time for
and I went out to the lake and
helped fix up grounds for exhibition
tomorrow, a lot of stone in ground
troughs and it looks as if we would
have a good show tomorrow
" 22 went to our lake only this
day, took out grass and the hunt
I went what a long day of it there,
a good show of stone for home at
Rekan village. Hardly Armentz
home & Harkis all come up. We
had out some horses and got no
second page. A very hot day
and day, crops about fair

(61)

1921 A nice cool breeze but a
July 23 very hot sun all day. I drove
out to Park Lake forenoon in express
train in afternoon went out with Cole
in Car, Hardy, Steve & the Amstrong
all came up in Car on Friday day of
fair and one hour out Hardy came
to Park Lake with us, but one
hour long in car food on Cay
place. Tom ran Cultivator till
day on Cay quarter. Mallet's fire
ing finished. Lots of people cutting
beets now it is no part
" 25 A very hot sun but a
cool breeze all day. Tom ran
Cultivator on fallow on Cay
quarter. Ralph went to Brown
train with Cole. Mallet's fire
finished nearly 3 o'clock. I saw the
beetles of tomorrow, cutting out
in Cay quarter

(62)

1921 Went out on Cay place
July 26 until near eleven o'clock
before it began to rain but did not
rain much only a slight shower
Tom ran Cultivator on fallow on
Cay place all day. We took
some things of shade and drove to
Park Lake with Cole in car
and got there before, Ralph got
a few hours long of the morning
beetles hatching tonight in so hard
" 27 A nice cool breeze but a very
hot sun and very clear at times.
A slight rain last night and we
could not cut till noon, rain long
day the next. Cut out on Cay place
of the noon. Mallet and Donald starting
Tom finished with Cultivator on
Cay place at noon and now
when they are eighty feet of
longer height & drove up to
beetles tonight

1921 A very hot day sometimes a cool
 July 28th Denny went as a rule it was very
 hot, we had about a dozen cups of
 rain after noon but there was rain that
 seemed to go all around us and some
 fell, as we go to bed tonight there is
 lightning on all sides it may rain to-
 night. If you had cutting out on Coey
 granite and it is all started up to-
 night. Kappel cut until noon and
 some of the three hauled out because
 to field west of house. You was
 running cuttings on fallow east
 of house all day. Walter and
 Donald were starting.
 " 29 I went to cut here forenoon in wagon
 for a haul of granite. Cleve up grain
 last night and not a drop of rain
 fell. A very windy afternoon but a
 hot sun, wind northwest soon. Matt
 dipping slope. You cutting fallen
 east eighty. Kappel hauling out

1921 because, Donald cut a few for the week
 time.
 July 30th A very hot day but not a
 good breeze all day. Carl came down
 in my. He and boys worked at trucking
 engine forenoon then he went on to
 Joe's to handle upfit. Kappel's
 Donald got in last before after-
 noon. I ran cracker and got a
 lot done. Cleve had like big
 rain south and east tonight, I
 wonder if we will ever get rain
 again.
 Aug 1st A cold wind all day. Walter
 and Kappel took both teams to
 Denver and cut there in wheel with
 worn, Donald and I went to cut here
 in Van forenoon in afternoon Daves
 cutting with Matt when my team
 broke and I had to go out young
 man putting fallen east of house
 all day. Matts cut rain but some fall

(65)

1921 A fine day. Crossed 200 day. Then
Day 2 in fact cutting the forty acres of
barber on east north of pasture on
Seven and got five rounds around
The thirty acre fallow on Croy
place near Hennes, a very heavy
crop down there but some of it
is very badly eaten by. Extensive
lumbered by that eighty per
cent of stands are down in places
but timber is putting a lot of
it up. Days starting on Seven
and four pasting fallow.
A strong wind from south all
day also a hot sun. Walter and
Leak wheat on Croy quarter
all day, Kappel & Donald
stacked. The finished pasting
fallow east of house

(66)

1921 Seven years ago today was cross declared
Day 4 Kappel and I were cutting all day, we
finished the fallow on Croy place
and then cut in the eighty acres of
the S. 8. north of pasture, cut at
the south end of the field, not very
dark and light, but in some places it
was pretty good. Found a lot of
birds nesting very young. Donald
not well today and not working.
Don's tractor starting when near
Hennes. Ken's Miller here for two
days. Run with lot of thousands right
day. Come up from west today and
west on north & south of us but
we got a dozen traps.
A regular hurricane of wind all
day from west and it rained a fourth
of an inch towards evening, kept coming down
a long time but not much fell, but
wind was very high and that blew
a lot all day. Walter's leak out
now

(167)

1921 until eleven o'clock then had to
stop on account of wet. When
Dunnell and Ralph finished their
my work on Gray before at noon
and they then came ready to go
as they were put up. When I went
to look for the car in afternoon, Ralph
took up his things and got some
clothes from him & Pratte & I went
home.

Aug 6 Did not rain much. Last
night but we did not begin to
rest in the room. Days started all day
since & last here in wagon and
brought home some lumber to get
ready after rain on 25, & that
some my lumber out will go to town
& cut the rest of wood of what
then on Sunday, Ralph will finish
the piece of flat about the rollers
today. A clean bright day but
a well wind from N.W.

(168)

1921 A very hot day, a slight
Aug 8 breeze from S.W. but it was
very hot. Sent wheat on west
side. Saw all day. Pratte saw
over at the mill. He went to
last place at noon for repairs.
Dunnell and Ralph finished
up all wheat chases & started
that had been blown down.
Dunnell, Ralph and I went home
tonight.

" 9 A very hot forenoon but got
cloudy and very cool afternoon.
Ralph and I went in boat on
Saw all day. Saw, Pratte & Dunnell
started.

" 10 A fine day. Sent on Sunday all
day in which Pratte cut after noon.
His lumber was in forenoon.
Days all started. A heavy shower
today. Snow & sweat out in evening
for repairs.

(69)

1921 Walter and I fire at night
Aug 11 forenoon, had to go to see Kate
for repairs but got it going at one
furniture cutting where a screw
at fire side is that makes an
end of the wheel and says for
it all a toaster tonight. We began
to cut chandel in first one falls over
Burling, some potatoes of it good
and heavy other potatoes nothing
at all. A windy day.
" 12 A fine forenoon after Walter and
cut chandel until noon, at noon it
cleared up and raised some and
we could not cut Aug afternoon,
don't cut chandel on screw with
screws. Ralph and I cut chandel
repair for machine. Donald started
chandel forenoon.
" 13 Walter and I had today departing
and stayed in last night of the day
Ralph's Walter began to cut chandel

(70)

1921 at ten o'clock, don't Donald set
up chandel in oats and then started
chandel balance of day. W. and I
were going at night today. Could
overhead at the potato. A fine clear
day
Aug 15 A fine day. Ralph and I fire
what is the first one of
chandel over Burling at ten o'clock
and then began at first one
of potato cut of chandel
Walter was morning's work in forenoon
Walter was the day's fire engine and
started chandel, he also went
up to Brad Burling forenoon
for chandel's to get chandel's
engine. Wilson from Burling
don't see today trying up
chandel's fire on chandel
them. I saw the three chandel
wheel all day. Carpenter
also got at chandel. Donald began
at ten o'clock

(71)

1921 A dull day and dark like
Aug 16 rain but light off in the
about 3:30 when it rained a small
shower, then cutting into and then
to top, a lot of thunder and it
must have rained very heavy
with a big rain seems to have
gone that way. Pelton and I went
out to foreman and learned how
finished afternoon only foreman
Kaphl and Wheel saw starting
feed onto Cay place and got
a stack up. Ceil & Wilson
from Brackman's working at
engine and got it going tonight
all Wilson went home.
"17 Kaphl and Lewis went
to W. Stebbins today and kept
up a storm clouds from there
got to river at Lewis' place &
and had to leave it there as it
was too wide for bridge

(72)

1921 Ceil worked at machine
all day, saw Pelton at the
factory and also finished
Cattley all the rest of the
to truck, & staying near all
day that a very dark day
Aug 18 Ceil, Kaphl & Lewis to
river today and got a stack
loads down on side of it
home at eleven o'clock. Lewis
returned that same afternoon
in Car. Lewis & Wheel saw the
feed onto foreman. Ceil worked
at machine. Very windy all
day but a very hot sun
"19 Lewis and Ceil finished starting
out on Cay prairie at noon
Ceil, J. L. Bennett returned at
noon and machine and got them
ready for trucking and we
went out to Cay prairie
afternoon with the one
and a half horse

(173)

1921 Cl fair day but very hot in
Day 20 middle of day, then hot when
on Camp ground all day and
furnished that to cover those and
at breakfast turned into grass
the fields give us 450 bushels
that is for those bushels given
the whole month well
22 A very heavy thunder storm
last night, a little rain fell
and we took out three loads
what remains, after noon
we loaded what you saw
and then he in part. made a
good run but when turning
out very poorly, a very high
wind all day and had to
keep sheep on wagon
23 A fine day very hot but not
windy we loaded some sheep
fisher saw all day fine but
three big the forty ones of good

(174)

1921 on down and began at fallow
west side of stream, had a lot of
trouble with the belts & did not get
a good day so far as work was
concerned, some wash on to
down tonight, 24. I went to
Grimmels in the tonight
Day 24 A very hot day but a very
strong wind from south west
All the day in what a work
Side of room all day and
got a horse two thirds of the
twenty ones done, it was though
was fine very easy and fast
but there is very little work
in it. I loaded some from
all day and had no time
left getting horse in time,
some of the horses in down
now he had no water,
found some fine tonight for the
month, having a little as we do
at that

(75)

1921 A fine day but it rained
Aug 25 last night and as we can
think this way, I think we got
more rain last night than at
any one time since 19th June. Rays
shined at noon & in forenoon
Afternoon I went to Car here
to get some traps fixed. Saw new
Cactinets in ~~the~~ ^{the} potato
on fallow. Rabbit ear warts
with keener, Keener Smith from
Linnell has tonight
" 26 A very hot day. Clear air in
evening. I began to cut barley in
Cory quarter forenoon some of the
land has nothing on it other but
grass. Walter came out afternoon
and cut also. Tom & Ralph made
two trips to Linnell with wheat.
Walter cleared under forenoon.
A very big thunder & lightning storm
came up at six near Sun So

(76)

1921 much lightning and we had more
rain than in fallow since 19th
June, no thunder now for some
time
Aug 27 Sun then very hot clear day. Ralph
and Walter started out all day. Tom
quarter was burnt at two sides
rain of last night just wet ground
about half an inch down, found
below that very hard and dry.
Wm plowed three all day and I
cut barley in Cory place afternoon
about a day and a half of cut
this there yet. Ralph went to Car
to the traps with Cecil in Car
a fine clear night as we go to bed
" 29 through the night on Saturday night
a big electrical storm came up. I
had to get up and about the sun was
and some rain fell but day here
much but it will still much, Thursday
over

(77)

1921 Deer Harley on Long prairie
all day, Tom & Mattie got out
four loads wheat & ~~one~~ ~~one~~ ~~one~~
W. J. Smith's coil & kept water
at machine all day so they're
ready for thrashing. A coal day
with a nice sun & wind and shall
be chugging & hauling up fine

Day 30 A very windy day but we thrashed
all day on farm at surface and finished
it tonight at 8.30 and were
wound away to Coils, far to windy
for thrashing. But we kept at it
our wheat went about 13 per acre

"31" Glenn strong water now and this
the wind is at place and it was about
as hot in afternoon as I have
ever felt, as hot as anything in
July. Raycoll away thrashing at
Coils & Glenn cutting Harley on
Long prairie and Tom & Mattie
two loads wheat one to Smiley

(78)

1921 A fine day hot at times but nice
Sept 1st and cool in afternoon. I had to get
A. S. Stewart out to fix my lumber for
noon and got it to 50 feet, I finished
cutting on Long prairie at 3.30 and
began in field south of house, found
it very soft and Harley from my hat
cutting. Tom took one load out to ~~the~~
Kinnear's farm and then in af-
ternoon went up to Coils and helped
him thrash.

"2" A fine coal day but hot at times
Boys and Tom all up at Coils thrashing
got all the wheat done and also some
of the oats. I did not cut any to-
day but went to ~~the~~ ~~the~~ ~~the~~ in after-
noon and got Camm and other
things fixed for harvest. D. H. & Ben
finished this thrashing today. B.
Miller thrashing for R. G. Summers. P. J.
Summers cutting north of us here.
Very nice tonight and boys left now

(79)

1921 A fine day. Lucive had a
Sept 3 heavy rain last night and thinking
is done for our hole. Rays all come
have forenoon from Circle and after
noon they went to Deer Lake in
buggy. Walter & Ralph started
out to barley and plow one
Cory's quarts been here to
"5" (A. Short Sun) but a very strong wind
from north west. Went to St. Louis
for some forenoon and in afternoon
Ralph & Leas barley in north
field. Ralph & Walter out there
in forenoon, after dinner Walter
started up barley. Saw plow
near Cory's forenoon and after
the plow at one fellow in
had left for Parsons.
"6" A nice day very good this way, but
no frost. Went barley south of house
all day. Ralph's son has two tons
to harvest forenoon then Walter

(80)

1921 and then went after, one of them started
barley on Cory's quarts west of house.
hundred went to Deer Lake forenoon and
brought here strong home with
them.
Sept 7 A fine day and Leas
barley all day finished south
party and cutting now in 'pig'
paddock, not quite done. The
Green came at noon he and
of the day starting finished
starting in Cory's place and
before in south party. We saw
from Bradwardine at Circle
during entire today. Got out
good loads in hat to Emerald
"8" I took the last line of what was
to Deer Lake forenoon and sold 1400
lamb hogs there at 1.90⁰⁰ that is all the
what will have to spare. Ralph
finished cutting barley at noon
that finishes us for this year

(81)

1921 and we got it all started
up in afternoon. Low rain all-
timator on the 10th potatoes in fallow
forenoon and plowed in fallow
after. I plowed one furrow to aft
noon. Keph went up to Bails
at noon and they trucked a
couple of loads there and
expected to start at his out in
evening, rained a little this after-
noon.

Sept 9 a fine cool day but it was
very damp this morn. although Carl
began to think the out fine he
threw after dinner and got half of
his laundry done. Day dark bright
and sunsets a fine day.
Lunch to Carl Kate forenoon Carl
account to them and Carl the house
of which toilet with lunch. I
went to church in evening after
noon but did not get up

(82)

1921 began to rain during last night
Sept 10 and was raining when we got
up and kept at it nearly all
day. Keph came home in wagon
short forenoon with him from
Ceilo, Tom & Mattie came last
night in car, we all sat in
house and did nothing all
day. A lot of rain has fallen
and plowing will be well now
but it will take a few good
driving days to make it work
off to the work again.
"In forenoon was Sunday Keph
and Leland to church in evening it
was windy, kept dark all day
and there very little. There is a
dull cold day also and not doing
much. Tom Keph plowing east
of house in fallow what we had
left for pasture, lunch to Carl
Kate forenoon and short home

(180)

1921 a barrel of gasoline and a
barrel of machine oil. Afternoon
Walter and I got down a line
of flat and began clearing it
well. Annie & Charles' help
here for tea. began raining again
at dark and still at 10 as
we go to bed
Sept 13 Every time starts up during
night it was raining and at 10
when we got up at last had fallen
then & Ralph went out to plow after
noon. Walter took me to Deer House
after dinner and went to Winnipeg
. 14 attended a meeting of Agr. Society
evening all day in Parliament Bldg
met Archie Chisholm, Archie McNeil
Mr Chambers & Dr. Hamrell in
P.M. A lovely day and drying well
" 15 left P.M. for home at 8. 17 and
reached Deer House at 2. 18
went to Manly & Paulsons farm

(181)

1921 then went to see J. Black and
D. Reid. Harold came out for
me and brought me home. Boys
have been plowing while I was away
Sept 16 began to rain just after we got
up this morn. and kept at it strong
all day. I took lumber to
in morn. and stayed in but all
day. then did nothing
. 17 saw Ralph's plow all day
down near Harris's. Walter was
fixing fences. I stayed in but
in morn. saw the lumber
A good drying day.
" 19 A fine day saw Ralph plow
near Harris's all day and Walter
chased. I was in but lumber
very close
" 20 saw Ralph finished plowing
near Harris's at noon then after
noon saw Chisholm in the field but
cho in plow and Ralph

1921 packed on fallow east of house
 Walter began to drive on snow at
 noon. A fine day but no tracking
 yet. I walked around a lot
 today and Henry's getting better
 Sept 21 Kelpok was up to Ceils today with
 four horses and is hauling what you
 know. Walter is sawing chert on fallow
 some finished packing fallow at am
 and then went down to see Bennett.
 and is packing the fall plowing then.
 A very warm day. Snow and humid
 want to see Helen strong today.
 '22 A fine day cool and all day
 and a good snow, Henry packed
 fall plowing on Cuy granite
 all day. Walter some hauling on
 fallow on Cuy granite. Kelpok
 shelled two loads in heat from
 Ceil with four horses and
 came home tonight. Ceil
 will finish tracking his chert
 tomorrow

1921 A fine day by no tracking
 yet Ceils at noon and finished
 all his packing tonight and made
 snow for packed fall plow on
 Cuy granite tomorrow. Walter will
 follow on Cuy granite
 Sept 24 Rained all little this night and
 we did not begin to track. Snow
 with afternoon. Set machine south
 of elevation and thence north in
 big pasture and from to see fallow
 north to Mt. Beakub,
 '25 Fine day tracking fields over
 Beakub and then thence out back
 once of day, they are turning out
 fairly very windy all day
 '26 Small snow on my. The dark
 to dark late twice. In a few
 or that will be much done, for
 into our spot done and then
 began on my field. Smith
 of house

(87)

1921 seeds over the table and
Sept 28 have finished packing up
note from eight days had a good

days run until 4:30 when it began
to rain and wet it so they had
to stop. Soil and the man went
home then near night the dogs
started up and finished the two
loads that were on wagons. Only
was then two loads to do of fact
and then we chose the 40 acres
of barley on Cay place to do.
Was up and had to stay but my
back still very sore.

" 29 A cold with rain all day
and very little sunshine. Dogs
finished the two loads of oats
this way, and then finished barley
load it up from Cay gate
and finished it at home. I
think that finished it all
we had 1400 bushels of wheat

(88)

1921 1400 bushels of barley from
130 acres and clean finished wheat
of fact from 50 acres a very poor
yield.

Sept 30 Now plowed a little along fence
with meeting plan on Cay gate
then he worked up along to on down
and afternoon did not stubble there.

Ralph's tractor put away machine
1 straight track things up from now then
in afternoon Ralph covered some
hay on follow on Cay place
Ralph got down load of hay
and began to clean it. On few days
showers of rain but nothing to
matter. My back getting better

Oct 1st A fine bright day had a cold
ride from N.W. West finished cleaning
load of hay at noon and Ralph took
it out to Rimond after. Now done on
some all day. Rest of us went to dogs & had
fun at Oct 1st afternoon

(89)

1921 A fair cool day but for a while
Oct 2 forenoon it was hot. Down rd
dressed in linen all day. Next
went to bank for statements
and Ralph cleaned flat.
Journal went to Bar Yate in Carl
Car and took out Annie's bag
with her
" 4 When cold died all day in town
a very hot day and glass had
on horses. Ralph took out
load of hay to binoculars and then
some wood of wood
" 5 Paul took me out to see the
mud. and I went to Brandon with J.
McDowell in Car got there at ten or
clock I attended a meeting of District
Committee of L. H. with room, the
afternoon we held a Committee at
which R. Stone of the State was
shown to me as member of the
at night there was a large meeting

(90)

1921 in City hall afternoon by
the Caran, but there and from
the Collins. A very large crowd
and with wind all day.
Oct 6 left Brandon with J. Mc Dow
again at 10.30 and got to Bar Yate
at 12.15 got out home with L. H.
McDowell. A clean day today but a
very cold wind from N.W. Saw
Ralph was dressing in linen the
two days since away.
" 7 A very cool wind from west
all day. Saw Ralph and met
at potatoes all day and got in
two rows, six or seven rows
to do and if nothing happens
ought to finish tomorrow. My
journal went to Bar Yate after
noon with Carl. Went up to
Church of tonight. but no call
tonight all night

(91)

1921 The old work at potatoes
Oct 8 we till down the new ones & sow
to dice. Ralph and I finished the
potatoes, got them all in 5 o'clock
tonight when I saw a few more
bunches. Better some fine tonight
from working in mud. A clear
summering day but a very high
wind that would make the
work was N W

" 10 A fearful wind all day
and it was very cold. Then
Ralph dived in down all
forenoon when I dived after
noon. Ralph worked after
noon & I did not in car
with Cecil forenoon got home
at dinner. Had a heavy coat
with all the clothes on
was in shorts while dicing.
A little snow in foreground
we put up the hay but it is

(92)

1921 A very cold morning foggy to have
Oct 11 we could not begin to till down
the dices, when I dived until eight
after that in snow. Ralph dived a
load of hay, a nice snow afternoon.
" 12 It is raining in town at four
o'clock this afternoon, when I
blew up and I went down to
my quarters and got a start
at plowing, a fine day and
not cold

" 13 I went to car
have in wagon forenoon got a
load of potatoes and did some
business then Ralph plowed in
my quarters then in afternoon
I saw I plow down there and
got a day's work, it was well only
very dry, we did today on in
July and this was very hard
in chance

(93)

1921 A fine day for working
Dec 14 thought day had cooler tonight
son & I plowed all day in day
grants. Ralph cleared flat and
had to make two trips to Car
Take in car for repairs for
blows. Ralph cleaned floor
Minnie went to ~~get the milk~~
with Knapp's today. He & his girls
and Allan had things to

" 15 A fine day clear in day, but
it soon clouded up and kept clearing
all day wind and it was a
chilly day. Son & I plowed on day
grants all day had to turn heavy
Gate. Ralph went to Linn
forenoon with flat and shot
some a load of coal. Minnie
took care and her husband
went to Car Take in afternoon
with Car, horse Smith & her
things to

Dec 14 night. Son and Ralph plow
at on day grants forenoon and
son & I afternoon. Went to Car
Take in afternoon forenoon. Ralph
cleared flat afternoon

" 18 A dull dark day with about
three o'clock and wind a little
at that time it began to blow and
blew a hurricane with and was
still at it as we went to bed.
Son & I plowed all day Ralph
finished cleaning flat and
washed some. He & his girls
wife & child had for dinner
from Kate for tea

" 19 A fine day but cold we
had to turn heavy cart on
blow. Son & I plowed on day
grants all day. Ralph took out
last of flat to Linn and for
some load of coal for school

(95)

1921 A very hot day about 80
Oct 20 warm as July and horses

Saw a lot of Stink-bell blowing
on Cay granite and fat into pits
are full south of house
We have twenty acres full blowing
down on Camp place now and
expect to soon note in it
next year.

" 21 At 11 o'clock dark from now and it
began to rain at 3.30 and we
had several showers during balance
of day and it is raining a little
as we go to bed. Saw a Splendid
in South forty with rain came
Rabbit went out to his kennel.
Saw four or five foxes & saw one to
see if you can get the same to
see some more need, then
he got portable furnace down from
S. 30. eight acres and he turned
the fox down there. Dances at
Camp to tonight and Rabbit went

(96)

1921 A fine day but we had a small

frost in the night, but not so
cold tonight
" 3 A full day Tom & I plow in
log stacks all day and for a
while. Ralph packed on S.W. forty
sets and finished it. Matt was
shoveling. But so cold as yesterday
and no sign of frost tonight.

(101)

1931 A very fine day, low and
low-4 & blower in hog pasture un-
til noon then I plowed alone
after and he was working the
dove in the long slough in
hog pasture. Walter had fig-
groes and was feeding wood
Soy to S.W. pretty soon. Right
before. Cold tonight but it
has been a fine warm day
"5" Snowing when we got up
this morn. and blowing hard
from east looks like a freeze
up. We fixed up the house
and have a table ~~of~~ ^{for} them
in afternoon. Ernest buried went
to Oak Lake with Cecil and
I went out with Rowley to
attend in agr. society meeting.
Walter pulled out here afternoon
and got a lot of earth in
to road. Low finish the

(102)

1931 Small piece I left to plow
in pig pasture and N.E. all
day and cold.
Low soft yesterday (Sunday) for
noon and most of the morn-
that came yesterday sharp-
and shut after noon and
get very cold from N.E. and
it snowed heavily on night-
for night and buried part way
cold! Snow had all last
night from N.E. and was
from very cold. He kept pretty
cold until noon then got a little
warmer but it did not thaw any
all day. Walter & buried went to bridge
to Chautauque afternoon with
Arthur Carpenter. Kept for some
two hours of out slews. & cleared
& elevated onto a bridge. Down
fixed down exposed ground, we got
on all other work today

(103)

1921 Saw some for about five
hours ^{the} minutes today and there is all
the same here we have here for
three days, we had all about
" cold south west wind. Pallet
tried nearly all day to start up
some engine and could not, but
two loads steam into loft. Some
fixing in cow stable. Boys went
to Pleasanton at business
tonight

" 9 Wind on 21 years old today, a
cold cold day. Special potatoes

" 12 A stormy day a good strong
wind from west and some snow falling
everywhere in some places but snow
still able to run. I cleaned today

(105)

1921 and snowed all day. Ralph
broke up his house with
me. John & Peter went to school
& Walter & Henry.

Jan 14 I snowed and snowed from
all day. Walter & Henry and me.
Ralph went to Carl's house
forenoon with Carl & Joe and
through home a late afternoon
before to light to school for this
day.

" 15 A dull dawn day and snow
did not show at all. Ralph got
back school on snow & heat, is
home, then in afternoon he cut
down & wood the long grass
down to Carl's house after in
the morning & again to a
part to the grass and that home
a house of Carl and some Carl
Walter was walking out ~~and~~
long hills school all day.

(106)

1921 A dull day and no snow
Jan 16 but not cold. Ralph cut
some wood on long place. I snowed
and Walter & Henry are some snow
me.

" 17 A dull day again and snow
kept dropping slowly all day,
sometimes it fell heavily, slow
and weak snow in all. I picked
some potatoes forenoon and went
to Carl's house after, took out a
bag of snow to V. Hordland and
also some from school to
Harmon and light home a
bag of coal, will get my party
shipping. Ralph cut some wood
down on long grass. We killed
two pigs yesterday and sent
them up this way.

" 18 Ruffed Grouse they are blue
pretty hard from NW, all day and
very cold felt like a snow storm
the morning.

(107)

1921 Sunday four below zero this
Nov 19th very, when we forecast and
a heavy wind from S.W. all day.
Saw a lone hawk when but it
was a very cold day and we did
in home all day. There are

(109)

1921 Keokuk is thirty years old today
Jan 15 and is becoming young in stature

On Jan 15. Snowing & blowing from N.W.
all day and snow is drifting a lot
and a lot has fallen and still
blowing & snowing so no go to bed.

A very early winter and a lot of
snow for so early in season,
we all sat around stove all
day

" 16 A fine day and no snow
we got the two pairs of chicks out
of harness today and got them
set up. Keokuk took three, Sammie
and Annie thought to get three
in chick a few cans was out
so packed roads have no snow
but it's a layride. Walter got out
three loads of manure.

(110)

1921 A nice warm day and snow
Jan 18 melted a little. Cold here
for dinner and we made some soup
I think for home. This is after
noon the started snow and got
all our wood saved about enough
to do us for a month in winter!

" 19 A nice warm day again in the
wind south and about the west
and this evening it got east
and looks like snow tonight
in fact it has started like snow
all day we saw did not show any.
It snowed about an inch
last night. I can feel nearly all
day but should see today this
evening. Walter & Cecil was for
me to section 33 after noon.
Keokuk was looking out manure
all day. Storage of manure in our
hay barn tonight

(111)

1921 A fine day and interval
from 50 Bill came for me after noon
and we went to Car Lake. Rays
cut wood on Camp place all
day

Dec 1st Dismembered today. Ruppel
and Cecil went to working this after-
noon in Car had no trouble as
there is very little snow on ground.
Walter handled our insurance

" 2 Rays cut wood in snow today
and got home a good load of
logs from Camp ground. ~~down~~
down that we are to have Lake
after noon & went to a lumber
in Brandon for his stake and
his Rayley tonight. G. Gordon
W. Spencer and W. Westman
came along

" 3. We came to Car Lake on

and had breakfast and dinner
there. W. C. became out in afternoon
and I came home with them.

A fine day and we all stayed
Walter chopped putting them
into stable logs today.

Dec 5 a fine day and interval.

Rays worked in shaft on Camp ground
we all went out to Car Lake tonight
to hear his stake and we have
spare a day meeting

" 6 Section day Neatly Beckman
came along at 7 o'clock in day, and
took me up to Regina & had
he called in on way & took me back
young also, we were there all day
my sister present of note and
heard tonight that his neighbor
departs in tonight and his far
in forest, but when and his day
love their deposits

(113)

1921 A fine day and out-cold
Dec 7 I took Bernard out to Park
Lake afternoon and she helped
at Chapman's hangar we
got home 8.30. Boys got
snowed home from Cay Grants
today. Walter went out to
Thornton's hangar tonight

hauled again into left today.
" 9 Boys did not do much today
don and went to Car Wash
afternoon and latter in the
evening meeting of the Q'n,
Societas, Boys did work on
Coney Grants. A fine day
and we had a good shower
of rain today that froze in
roads but of tomorrow it
thawed since, change
weather for this country

(114)

1921 Boys out work on Coney
Dec 8 Grants today, a lovely
warm day and snow melted
a little. Girls went to Car
Wash afternoon.
" 12 A fine warm day we had
a good shower of rain. Last
night some thing very unusual
happened, Boys out school. Don
and went to Car Wash
an executive meeting of Q'n
Societas.
" 13 Saw Sixty two boys all
today and spent the day in
Q'n. A soft snow falling
regularly all day in Q'n. Had
work done on ground so
a lot of it got that as in the
I attended the meeting in New-
Lancaster today and also
got some business done with

1921 Left R.F.P. for home
Dec 14 at 8:30 this morn. and
reached Bar's hole at 1:45 -
Saw nest one with down
and we came home. Boys had
put down three loads and
this week. Weather fine and
mild.

" 15 A fine day. Motta helping
Richard in wood with
side of river. I went to Bar's
hole afternoon in buggy.

" 16 Motta helping Richard again
today. A fine day. I split a
little wood.

" 17 kept helping Richard
today. Got wood. Carl's out
to Bar's hole afternoon for
some wood. Saw nest down
to P.L. house today. A fine
day and not cold. I
went up to Carl's forenoon

(116)

1921 Very clear all day the 18th.
Dec 19 we have had for a long time
eighteen below zero this morn. Carl
was helping Motta today but went
today, then or night they went
up to church to practice for
Christmas tree. Carl's here
for dinner today.

" 20 Twenty eight below zero this
morn. when we probably could see
Motta, these had went up to
Motta's school to work for
Motta's wood for some forenoon.
There in afternoon Motta out to
Bar's hole in buggy, saw one
nest. All day and wood taken from
Motta's hole it was very cold
down to Bar's hole in buggy
afternoon. Saw Motta's hole
Motta's hole saw how Motta again
for our furniture and that
Motta's hole saw Motta in Siffert's

1921 A cold day but pleasant
Dec 21 Mattie there see out to Port
Lake after noon and drove to
Brandon on four wheels team. G.
Landon came down also and we
attended a meeting of Political
Committee of the Progressive party
in Keegan's office.
" 22 Snowing when I got up this
morn'g, in Brandon and kept at it
slightly until noon. Drove home
on two wheels team. Day cold
today and wind south. Don
came out in daylight and met me.
Grace, Samuel, Mattie & Keppel
all went up to Churston the
tonight at Episcopalian Church
" 23 A very cold day, thermometer
was 34 below zero this morn'g,
when we got up and wind kept
N. W. all day. Stayed close to
fire. Don went to Port Lake after

(118)

1921 Another below zero when we got
Dec 24 up this morn'g. but it was a
very cold wind from S.W. and a
day cold forenoon but far warmer
afternoon. Keppel, Samuel & I went
to Port Lake afternoon. We expected
R. H. Smith from Rapid City and
some of his family but none of
them came.
" 26 Yesterday was Sunday and
Christmas, we all went to church
very few there as people had
gone to their friends for Christmas
The man alone at home had the
meat have chicken was putting
as we intend having it today
will see for dinner today
Cold but pleasant, Don and
Samuel went to Port Lake afternoon
" 27 A fine day and not cold, days
got three loads of straw in today. Don
& Grace went to Port Lake afternoon

(119)

1921 A fine day. Kings out work
Dec 28 in bluff on Camp and got
all the papers there etc. I took
you to the store after noon and
we left for Canton. but could
not get out pleasant out but riding
very hot, but has blown from
pleasant land on to away and
I packed road, Mrs Kennedy came
out to Port Vale with me and came
back again.

" 29 A warm day snow did not
melt but it was nearly brown
enough. Kings got some load of work
from Camp granter. went to the
mill afternoon in bluffs and saw
quite a few cars.

" 30 A fine day again snow did not
shin but it was not cold. J.
Adams was drunk in Port Vale
today.

(120)

Dec 30 cold. Rabbit got out on
bluff and took up load of
hay for Cecil. Walter did show
the remainder afternoon
Kings & Samuel went to see
Mrs R. DeLaha. Came on to
Susan this evening when had
for awhile but not much
snow fell.

" 31 A fine day but a cold wind
at times from west but it only saw
in front and day was fine. Samuel
went to Port Vale afternoon and
got mail. Rabbit drew two loads
hay for Cecil today from here.

1922 Yesterday was been from me
all went to church only three
and Walter but it was a fine
day and not cold today is fine
very warm, Cecil has for tea then
that hurried out to Saturday night.

(121)

1922 Rays got in steam and
Raepl got some from Beaulieu's.
Lent a ball bag, so below you
when we get up but on a day
Walter & I took one of our traps up
to Ceil's today and brought down
one of the cows, she is soon
going to calve.
" 4 Elementary girls below you when
we got up the bag, a clear all
day but no wind and it was
pleasant. Ceil then for dinner
Raepl went to Plum for a
load of wood for school. Twenty
below as we go to bed.
I wrote some letters today.
" 5 A call with mine all
day, but our plane clear
and it was most pretty. I took
another and had plenty up
to primary meeting at evening.
Rays went up to Ceil tonight.

(122)

1922 A strong wind all day
but Ceil very chilly but not very
pretty. Went to our house after-
noon in light to attend Ceil's
meeting, Tom Kennedy came out
with me. Ceil got our team today
and was sent for wood. Now
temptle.
" 7 A strong wind from south all
day and it was very cold but
not very pretty. Went to
last gate after noon in Ceil's
cart as she has our team
there when they get home they
went a up to Ceil's & brought
our team & sleep down.
" 9 A nice warm day and fairly
any fresh Ceil came at noon
and we cut up all the wood
we cut in any place. To Plum
was some down tonight.
Raepl went up to Ceil tonight.

(123)

1922 A fine day not cold. High
frost 10 x lower to last hour in
hurry afternoon. Dr. & David
dinner today. Shorty tonight but
not had.

" 11 A little colder today, it
also deepened down and
a little snow fell. Most
went for ice again today. I
went out to last year's
moss and had ~~the~~ dinner at
Mr. C. Richards' country
up there last night and is
going back to Brandon tonight
Charles Smith, wife & baby
here for tea tonight also had.

" 12 hot cold today but is
was a little stormy at times
and some snow fell. I left
and piled some wood today,
also helped for a load of
bricks at last of ice

(124)

1922 A fine day a little snow at
last 13 times and we have enough for
family food sleeping now. Walter
got some load of ice today and
that will be all we require before

" 14 Snow had last night also this
morn. and snow is drifting a lot
and roads are nearly gone again as
soon as blown off them. High
have had dinner to last year
afternoon in sleep had meeting
of Directors of Dr. Society there
got home at last not very frosty
but a cold N.W. wind. Lunch was
served in Chicago today and we
expect him up here next week

" 16 A cold day Walter took care
and only out to last year
to Dr. Richards and shut down a
load of coal for the school.
Ralph & I got a load of stone
with both and I left some wood

(120)

1922 Twenty five below zero
 Jan 17 this day, and kept my cell
 all day although clear & pleasant
 kept and humid was to start
 here afternoon, Pratto show up
 had if more and Lepke's
 Delat is. Boys fore to the water
 meeting tonight

" 18 below zero this day, and
 kept my feet cold all day but
 saw some bright and it was plan-
 sans although cold. went to
 and home in afternoon in slight
 boys got in stream, and some
 of them several in Dept. today and
 he is to be up on Friday.

" 19 Nine below zero this day, and
 got warm towards evening and also
 somewhat come. Boys got but they
 into still & a place & pile was
 almost as much of snow fall
 the evening and it is blowing but

(121)

1922 Although it was warm when
 Jan 20 we went to bed last night it
 was twenty below zero when we
 got up this day, and a heavy
 wind from west. John Thomson
 got load of straw on my goats
 Thomson and had his dinner
 then. Boys got in the last straw
 Pratto went to Carter Circle at
 noon and that, saw his horse
 and Carter this was on to start
 here took humid out and she
 came home with her baggage and
 Pratto stayed until the 8.30

with a strong south west wind.
Lafayette, George & Sam Smith the
last night for awhile, this being
it was 44° below zero & don't re-
member when we had it so cold
as that before, stayed in home
all day and at night heard
and Kally went out that
date to the Cornish it was
27° below zero as we go to bed
a very cold time and I wish
it was over
" 24 Twenty four below zero
this day and a good south
wind so I expect it will soon
be warmer. Walter & Gene
went up to Quil from an
Quil came back and
had dinner here. Boys for

(128)

1922 Two boats shown with lights, got
some word of it. W. Camp and

the day but kept fairly cold,
Nevad and went to Carr Lake
afternoon. P. J. Merritt and went
the Phillips came up tonight and
Peter played on piano for a long
time.

" 7 a fine day but cold thermometer
was eleven below zero this very
kind it got warmer, Ralph went for
a load of wood to J. Shannon and
got one for himself also, Ralph
found a Chalatte all over our
to Carr Lake tonight. & Pratte was
up to Carr

" 8 a fine day and not cold found
Chalatte left for home on the 14th
then it is someone without them.
Must wait all day and we will likely
have more snow

(132)

1922 A cold east wind all day
the 9 and began to snow a little
as we go to Carr thermometer out
very low but wind cold. Days
got in a load of straw

" 10 stormy. hard as we started
wind N, W morning & blowing hard
and kept it all day and
we all set in home. The stormy
for several today, snow and
wind stopping tonight but it is
very pretty well as we go to Carr.

" 11 a fine day but a very heavy
wind from N. E. all day. Karlow
came up at noon and took
snow, Merritt & I out to Carr
Lake we got there before dark
and it was very cold wind,
Days got in some straw
" 13 a fine day but cold days got
some straw. 25 below zero this
morning

(133)

1922 A nice morning. Thermometer
Feb 14 was nice below zero wind
got up about noon and it
blow hard all night a
bit balance of day the wind
blow we have clear. Ralph
and Cecil went for snow
I went to Cart Lake afternoon
to attend Rural Credit Council
meeting and then had to go
after dark to get medicine for
the sick horse. Saw Smith's three
troughs.
" 15th It was our twenty below this
morn', when we got up but saw
where that all day and it was
pleasant, began thawed a
little on shore roof but a
slight breeze kept it clear.
Went to Cart Lake in morn',
for medicine for mare she has
been very sick all day but

(134)

1922 seems a little better though
Ralph got load of wood from
John Thompson.
Feb 16 A cold nice from south
part all day but it increase
in force a lot at last and
blow began to fall, blowing
hard so we go to bed but not
sleeping there. Snow down to
see W. J. Linnick today. Practically
gone out to Cart Lake tonight with
Co. Brown. Ralph got load wood
at J. Thompsons today.
" 17th A fine day and Sun seems
but wind blow pretty strong and
it drifts a lot as soon as my
lights. Cecil has for dinner and
he took sign out to Cart Lake
after tea, staying at Mr. Co. to-
night. Ralph thought I should
for see this afternoon.

(135)

1922 A fine day but kept cold all
the 18 day went to Deer Lake after-
noon to attend a directors meeting
of Spr. Society for some eight or
nights. Days for two hours of ~~fast~~
stream into Loft. There went home
from Deer Lake with people Smith
tonight
" 20 A fine day but cold and
clear, Walter went to Deer Lake
afternoon for coal for se hoard
Rough went up to Cecil's tonight
on Perry's boat
" 21 A heavy strong N.W. wind all
day down drifted and is
also very cold and had to
face although thermometer
stayed about zero all day.
When I saw some ice to P.O.'s
tonight although it is still
very windy as we go to bed. There
is still a thick ice

(136)

1922 Stephen's below zero when we
the 22 got up this way, and blowing
hard from north west then that
way all day and kept very cold
hard to keep home warm.
Winniel started having sneezes today.
" 23 A clear cold day but after
noon it has been, Cecil came after
dinner and took me out to Deer
Lake where we had a meeting with
two men that Sam had up, we had
a meeting at night also and
there came out and became home
with them.
" 24 Another fine day and Rough
& Cecil went for wood that is
all the wood we are to get from
John's showman. I went to
Lake in cutter after noon with
Charles in cutter. Wind from
west - a little with some
warm

(137)

1922 Mine story from west all
the 25 day and well but sun warm
and in shade out of wind it is
thawing a little. tried to get extra
home engine started to work
but impossible to get it going.
Another 2 fine more to look
state of the room with Charles in
Cutter.

" 27 A fine day Cold but clear
sawt. Cecil came down and helped
Walter fix up eight home engines
I did some evening after. Ralph
went for gas to Minneapolis after
noon and out for gas pumps
there & Ralph went out out
to a musical recital in chapel
Saw Chas. Wright

" 28 A strong S.W. wind all day
and very cold although sun
have been & warm all day
but wind very cold. I went

(138)

1922 to our case with Charles
in cutter afternoon to attend
a King of Ed's meeting then
at night having a banquet out
to hear a lecture on the sun
in Presbyterian Church by
Prof. Peterson from University.
Went to a fine day but cold from
south west. Got some steam
in today and did out to work
more

" 29 A warm day very little wind
and sun strong. Kragge's shows
to Sunday today attending a
Commons Anniversary meeting.
Ralph got last week home
for Cecil and Walter washed
down work done and made
very clean

" 30 A fine warm day no thawing
until near noon and then it
thawed quite a lot more going
over

(139)

1922 Went to Out Lake for-
noon in slight and hard snow
from previous for dinner, did
some then and we for all our
morning snow up.

Mar 4th A warm day and snow
went a bit snow & then had
with slight after snow but both
how the x through her home
some places a road snow clear
fine and nearly impossible to
get home with night light.

" 6 A fine day but not clear
enough to have any extra laying
around that snow, after that some
of apple wood, then got clear
with light. Don & I went to
see P. G. Kermick today, and
have for tea.

" 7 Clear today and did not
than any, sprinkle snow
for awhile but nothing with

(140)

1922-23 Feb. kept left home
at fine relief and went to
at the 6.30 train to the winter
fair, Walter did show and
was cleaning his snow, I washed
some then. Cleaned the sleds
of Stanley through the clean
sleds got some snow after
" 8 A lovely warm day. Walter
went to the store and on Charles
last of the some repairs for
Cecil's engine, Cecil was for
himself he was fixing up his
engine, I left most afternoon
for all the snow went up
from range forenoon. Boys
got home a load of shavings,
Saw slight snow all day and
could see around without eyes
but much snow left.

(1411)

1922 A fine day warm and
Mar 9 Clear and warm Spring 2200
I split wood and also cleaned
some hay in for the water
pumping mill Spring today boys
got some fine lots of shaves.
" 10 A very warm day again, I
got all the wood split. Cleared
hay again today engine does
not speed it high enough, so
we tried it by hand. Finally got
hay a stack of forty tons
and have it in stable loft.
" 11 A fine warm day. Cleared
hay house, burned & I went
to Dor's place after wood & exposed
roads mostly but know about all
them. Warm and windy
" 13 A warm windy day and
ground dried up a lot.
Ralph went to Dor's place
for load of seed oats

(1422)

1922 thought have 1000 shingles,
but had a job getting up hill
as it was steep. V. S. Smith
came out with him and they
got all night. V. S. Smith
went out to Dor's place with the wood
in afternoon and is going to
ship tomorrow night. To see our
brother Henry. I cleared hay
all day and got in well.
Jan 1889 we began to see
to the ground and it looks
as if we would do some grain
as ground is so dry and weather
as warm as it is in May some-
times.
Mar 14 A fine day clear sunny but
it was colder than usual as though
did not thaw out and there was
very little water running. Delivered
hay all day. Ralph went for
another load into house.

(143)

1922 A strong east wind all day
Nov. 15 and very cold. Samuel
and most others in the hospital
within the day. Kept for some
hours of rest from last date and
we only have twenty four hours to
get now. I finished cleaning our car
today and Cecil came for clean
and took it up to his place.
They're very hard tonight, and
still blowing hard from north
east.

" 16 A regular hurricane blowing
from east all day and we did
not come out of house. We will
surely get snow or rain out of
that but it is too cold but it is
getting warmer towards night.

" 17 A steady rain nearly all day
about all week of snow in all
times to our lake afternoon
to attend boys & Cecil school

(144)

1922 meeting. Kept & Walter went to
Capitol to paper from by Catholic
through. Very dark tonight. Moon
seen in the hour tonight.

Nov 18 A fine day but a cold wind, but
Cecil & I all went to our home afternoon
in democracy, we had a meeting of
Director of ~~the~~ Apr. Society
there. Walter has been complaining
all day of sore joints and it looks as
if he was taking the mumps, I
also have sore joints tonight so I
want he taking it also although I
thought I had it long ago.

" 20 Walter & I both in bed all day
yesterday and today with mumps.
Walter is very badly swollen on both
sides, I am on both sides also
but not nearly so bad as he is, but
my throat felt so sore lying in bed
that I had to get up & walk
around house today.

(145)

1922 A cold day and did not
hear 21 them any today. Run for
a till sticking to, I was around
all afternoon but Walter not
able to do up yet. But Swinton
from Red Jacket's side, came
today, he used to work there.

" 22 He cold day but I did not hear
any until afternoon, there was just a
very small sprinkling of snow and
it went away in a short while
and made an misty this evening.
Ceil here for dinner then he went
to Red Jacket and came back here
for tea. But Swinton visiting here
all day. Ralph did's dinner. I was
down stairs nearly all day but
Walter has not been up yet.
" 23 A fine day but a cold wind from
east. Ceil here for dinner and then
went to Red Jacket and came back
here for tea. But Swinton went up

1946

1922 to did Swinton this day and
did not come back tonight. Ralph
went to Red Lake forever in wagon
about. Some side some ^{of} ^{the} ^{mountain}
fire seed & also some Sweet Chloro
he also had another box home who
has been up visiting at brother's things
at the side. Ralph knew we had
went away this day.

Mar 24 A regular hurricane blowing
from east all day and it also
stormed & rained nearly all day
some times in afternoon it was very
heavy. Ralph took farming tools
the Swinton up to Ceil's this afternoon
and brought her separator the Swinton
Parker went to Hennepin. Still
storming as we go to bed
" 25 A cold day today and did
not hear any. Snow very deep
and roads heavy. ^{There} ^{were} ^{no} ^{one}
in daylight today took some

(147)

1922 For a sunny lesson and
also took Bert Sewthorn. He
is staying at Dr Wallingtons
tonight. Cecil stayed here
tonight.

How bright snow still very deep
about as deep as any time
this winter and it has not
melted any. Cecil has all
night last night and he
went to bed like this any.

Tom Pickering went today but
Raeple's handling in steam.

"28 A cold wind all day from S.W.
it was 16 below zero when we got
up this morn. Tom & I went to bed
here in a flat room and got a brand
of fresh air. Cecil up as I think
some today & got a house of dry
porcelain & wood. Tom & I went tomorrow
Walter painting the room up
stairs

(148)

1922 A cold wind from east all
morn 29 day and it also snowed
quite a bit as far as north now
as any time this winter and
just as hard snow. I see in
home street. Cecil came down
& got load snow. Second starts in
home with her. Ralph now
not thought his clean and
we have them ready for our
morn.

"30 A strong wind from south
all day and snow melted a
little. Tom & I went to bed here
in better forenoon. Cecil has
for balance of his work.

did not do much my Ralph
got out all the morn

"31 Went foggy until noon then
it cleared up and we saw
(Barnes) & I went west a lot
plowed land all have grain
over

(149)

1922 June 10 very sloopy and
I met some Samy Fort Ray
clipped some of the James
legs for mange. My pile
skooled I got all the barbar
skooled and now thought by
cleans
Apr 1 a fine day good wind and
Sun. James Walter & James to
Dart Lake afternoon and Walter
but have Coil's tears as she
hasn't been had through the
out and to her son or to Walter
helpd went up to Coil's and will
stay with him until Sunday.
I don't see our incubator and
I have not sold it at an
auction he had this today. The
pile wood and newly finished
it as done

(150)

1922 May 29th this way and it
Apr 3 Coil's not so away with it
now after that the inc came
out and it was a renew
afternoon. James to Dart Lake
afternoon what. home off
James Walter & Wife they went on
to Coil's, they have been with
in Walter's. Walter came home
from Coil's this way. with Wife

wind from Walter Walter
"5" A very bad day wind from Walter Walter
Walter Walter all day. Now for all
Walter Walter Walter was Walter

(151)

1922 became sparser & dull. Rabbit
in hole all day with mumps
and nose like them today.

Apr. 10. Snowed what all day after
noon and finished it out for
all clear. Went to Out Lake
in exposure forenoon, made very
bad. Snow cleared what for
noon and fell down &
was heavy after. Mallet for
dull all night today. Snowing
when we got up it melted
and made ground more slippy
however for awhile, but
was what and it was

Spook hunting after noon

" 7 the best day, day we saw the
spot over snow strong & snow all
afternoon. We got the horses
clipped when clipping horse
would go to Out Lake tomorrow

(152)

1922 and try to get it fixed. Got a
pair of rabbits put into basement
and should amount finally.

Apr. 9. A cold day, towards evening it
got very cold and a strong N. E. wind
Mallet should not measure. Mallet
Ruehen & Linnar to Out Lake in
our exposure got home at six and
very cold. Mr. Remington covered
some yesterday

" 10 About the middle of evening when
we got up and still snowing but
is snow stopped and sun came out
and snow went away some afternoon
Ceil came down this way, so the
the mumps and will stay here
for awhile. Went to Out Lake
in exposure after noon, then
chased around & got a few storm
cock of. Mallet went up and
to feed George Linnar's cow

1922 Sun when when all day but
Apr 11 said was cold from south
west and found the rest all
them out all day. Tom was putting
out Joseph's porcupine. Berta and I
found her clipping the horses.
Drove down stairs nearly all day
Ralph very sick tonight and
he got that out gone with him.
"12" Stages had this way, and did
not than much until noon
then a very cold night with
wind all day. Snow around
all day after snow. Ralph
still pretty sick also Cecil.
Drove to East York afternoon
took out the horses out with
of we went to Alexandria to attend
a Progressive Convention got there
to late, we came up on 8:20
train and I got home at ten
o'clock. Home in Ripman School
today.

(154)

1922 Stages had this way, and a
Apr 13 cold south east wind all day
but it thawed out in afternoon.
Tom & Berta went up to Cecil's
afternoon and killed a pig for
him and Berta got started to
clip his horses. We got very little
done at home as I am not
able to do much yet.
"14" A good shower of small hail
today at West End, rain, and water
Berta clipped horses for Cecil and
finished them. Tom fixed harness
for Cecil for it done. I got blue
started afternoon out of table
it was to find my friend to visit.
Mason Smith's here all day. Anne
& Helen Campbell here for tea.
"15" Coldest said all day. Stages had
this way. I began to plow ends of paths
at ten o'clock and in afternoon I
harrowed in night and finished

(155)

1922 after noon for both earth
morning. Tom went to Lar here
forenoon & got some coal for
Seal. Walter worked alone
and got tongue in to measure
Spencer and a lead out.
I went down to Burnett's tonight
he is sick and has to go to
Brandon Hospital tonight.
Apr. 17 Stagon has this way, and
we did not get to work with
tom o'clock. Tom Blomel or Sam
afternoon and Splendid went
to stable. A call went from
Walter's nest. Ralph went to
Dor Lake afternoon in buying the
first time he has been out
Walter has Felipe and Carl
to keep them
18 & day call day strong birds
went home and Kenneth Blomel
afternoon. We did not go out

(156)

1922 forenoon here in afternoon
Walter went to town and Blomel
there. I found the following small
fields and of stable with
and they flew then for about
four hours later to west
the first we have since last
begin to work today the first
since he has the same, and
the forenoon the small fields
east of stable when I caught
Apr. 19 Sam caught a bear this
morn. and Walter so if it would
He a nice fat day but always
were all frozen over and it was
very cold for cloudy noon sun
and was a very cold day all
through with some flowers of
snow and wind west. I took a
load of ore to Sam Dor Lake to
G. Blomel. Sam Ralph placed
on lower afternoon

(157)

1922 I sowed the two new fields
Apr 20 east of stable and put in all
manure and fertilizer. Tom and
Ralph plowed on Sun all day
Sun show all day but it was a
very cool sun. Another man & that
here today
" 21 I had Ralph this morn. and
started in Sat all day. Mattie
harrowed fowens on Sun and sowed
wheat afternoon. Tom & Ralph plowed
on Sun all day.
" 22 A fine day only it blew
very hard in afternoon and
John & Myford and the air was
full of dust. Tom & Ralph
were plowing in some fowens
and Mattie was harrowing evening
we have in about 1/2 way of
wheat tonight. Snow in some all
day. Bill came in afternoon and
there was to cut the afternoon

(158)

1922 A fine day snow in
Apr 24 I have all day with the
Ralphs. This is the plowing
for wheat on Sun at noon
and in afternoon Tom harrowed
three acre Ralph ran Calhoun
with six horses on eight acre
follow field east of house
" 25 A windy day Mattie
is hot driving on Sun at
two o'clock and for some and
needed where because of day
in night we follow early
home. Tom harrowed on Sun
all day. Ralph ran Calhoun
east of house. Myford & Myford
went to Quinell's today. Was
here for tea
" 26 I drove Charley to cut the
fowens and he has to was
very low and I found out he was
sore and we can't work him

(159)

1922 and have put on a sheet
Walter will be in before forenoon
east of home and I have three
afternoon, you finished farming,
sober on several more and is
parting this after. Ralph was
cultivating on eight, east of
home all day with six horses
A warm day and from farming
well but the grain up but
the handwriting is slow, the tonight,
I was helping him with the
income tax return.

Apr 24 Just a year ago today we
began seeding in past and tonight
we have in a hundred acres
so we are done ahead. You
are busy in fact on some all day
Ralph cultivated east of
home and I was drilling. Walter
is working at garden, a
beautiful spring day but

(160)

1922 A fine day warm at times
Apr 28 A fine pleasure for working
Ralph finished cultivating east
of home tonight in the eight acre
fields. I seeded where the forenoon
and Walter afternoon. You expect
in home four loads not shown
forenoon then you finished parting
in some began on fallow east
of home. I went to get here in
night of the new in Sandy home
is successful this winter this of them
have.

Apr 29 A fine day only at times, there
was a strong wind and air was
full of dust here it did not
last long and it was a fine
and day for working. I finished
working whole on fallow east of home
at noon. You part in this field
all day. Ralph plowed around slough
on Sun and then ran Cultivator on

(161)

1912 Follow on Cay place & see how what there afternoon. Walter & wife went to Art Hark after noon in car it went well. W. C. Brown R. H. Brown & others went here tonight. See Smith. Come here tonight to board. May, at a cool day fell & burst like rain all day and at 5:30 it thinned & lightning & later we had a heavy rain it will do good. Tom finished in follow field east of home all day. Kept new calculator on 40 acres of follow on Cay place and I worked there all day but home from Rice today. 12 A nice forenoon here in afternoon but fast very windy and air was full with dust. I made walk on Cay pasture all day kept new cal-

1912 tractor this all day and finished it. Tom was packing on eight east of home. George Caputo took logs to G. Williams where we got our mail. Rain tonight then it was over. May's Blum & Hummer all day in full of dust and it was a very disagreeable day for working the wind was cold also and I had no money clothes on as in winter I finished working where in follow on Cay place and then went in big pasture. Kept new calculator in big pasture and finished it and got out a few loads of manure. Tom finished packing follow east of home and got started on follow on Cay place, until noon then in afternoon he plowed pasture. Walter was working near today

(165)

1932 Luck hole to whistled again
for rain & wind. Cold through
down my coat and feet then
in two parts on snow. After
day and no school

May 9 A dull foggy forenoon
also empty and we like a little
rain. Tom & I plowed on S. 8. 80
for fallow when I started some
ing barley for pasture. Had a
bit getting plow to clean but we
got a lot done. Ralph handled
out manure all day and hatched
chickens around the planters

Some trees.

" 10 A lovely day and birds as
if it was made up for awhile
& seed out until grass seed
all day in forty minutes of time
Ralph now cultivated the
and Tom plowed in fallow for
manure and divided after

(166)

1932 A dull rainy day, we did
May 11 not started up forenoon but
did afternoon although there
was some rain in afternoon
but the rain was not heavy
although they had a big rain
in Oak Lake. I plowed in
fallow of tomorrow. Tom finish-
ed with working plow in
some places. Ralph handled
out some manure. Hatched
planters trees and water in
foster

" 12 A dull day and no snow when
a dozen showers of rain during the day
not much felt but it kept things
damp. Tom & I plowed in fallow
all day. Ralph handled out
manure. Hatched & here went
to Oak Lake on the four o'clock
boat

1922

(167)

May 13 Some s plowed in S. 6, 80
summers follow all day. Ralph & dau
manure to pasture had 7 horse
manure by road. Walter emulated,
had several showers of rain not
enough to stop work but a
cold disagreeable day I felt as
cold as winter time.
15 Ralph finished cultroating
S. 40 at noon then went to
did small piece there and
after went to Barry's over
harrowed + cultrated for oats
You finished chowing 8 1/2 of
follow then sowed prairie?
harrowed it then harrowed
straight in seven passages
to turning it. then seeded
by hand two strings with
oats and grass seed in S 40
Walter needed oats & grass
seed in S 40 all day
R & dau in bed with dysentery

(168)

1922 Ralph cultrated in Barry's

finished seeding S 40 about 4
then went to Barry's to sow oats
You harrowed two strings with
two rows then both fine +
harrowed balance of day in
south trying a slight shower
this evening R & still in
bed. the Dr. here today. A
shower for Prairie Row
at Kennedy's young folks all
there
May 17 Ralph cultrated all
day on Barry's. Walter
sowed oats also. all day
same place some fearful
S 40 all day. A fearful
wind all after warn from
N. W. air full of dust some
showers but did not stop
the horses go out very cold
to night

(169)

1921 A fine day but could not find
May 18 for working and felt like fine though
Keph had cultivation and Motta the same
on one hand all day on Cay place. The
fine had planting South forty at noon
and began to plow in S. & S. right the
follow. I was in bed all day but
feeling better
"19 Some frost this morn. when we got
up the fire we have had in day this
a lovely day. Keph finished cultivating
for out on Cay grants at four o'clock
and began in work forty for today.
Motta went out all day on Cay grants
don't plow all day in plow and
finish the 40 acres we want to see
for pasture. I got up this afternoon
for first time since last Saturday
and feel better. Most of last night
did not appear to hurt any-
thing.

(170)

1922 A fine day and I got up for
May 20 outside for the first time in
a week. Keph had cultivation
all day in forty with Barlow's
Motta finished working all our out
on Cay grants and then went
to handle of East forty work
of trees and then began to
some barley over to Barlow's.
I'm charmed at the first ones
in plow
"21 A fine day about the same
we have had. Motta drilled
barley tomorrow & planted po-
tatoes after. I filled afternoon
Keph had cultivation on
S. & S. 40 don't finish for
noon follow at noon &
Keph Motta on potatoes after
"23 A fine warm day. Motta
saw and did nothing all day
Keph finished cultivating
over

(171)

1922 on forty near Beaulieu at
noon and in afternoon the
boys to pass the oak ground
on Gray Granite near Juniper.
I could hardly on forty near
Beaulieu. Some Juniper potatoes
and set them out to town at
noon, the plow was there afternoon
May 21 A fine day Ralph packed
out on Gray plow all day. I
saw the valley on plow for
pasture. Walter ~~was~~ was
sick today the plow was
down

" 22 Another fine day only
very hot and dry and a hot
wind from south. I fini-
shed setting the 40 acres
on plow for pasture
Ralph finished packing the
oak on Gray plow. Some plow
on some all day. Walter went

(172)

1922 to Oak Lake in high part back
on 12 last. Ken the Miller came with
them had dinner & tea here. Had some
writing then Ralph took him to
Kempers and he crossed in Thompson's
We could do with a big rain soon
May 26 A hot day with a strong south-
east wind. I could do with a big rain
time with barley and Walter dinner in,
he also could do with a big rain
were field and was doing at it.
Ralph packed in forty near Beaulieu
all day. Some went to Oak Lake for
and Walter drove his team, they were
plowing on some all day
" 27 A strong wind from S. E. all
day and we had a small shower
of rain, but there was a little thunder
& lightning and this was a heavy
rain with much snow. Ralph
& Grace went to Oak Lake today,
water not going down any more

(1743)

1912 finished putting the 140 acres
Boguskins and their legs in
the main house for pasture
in fallow. Son & I plowed a
seam for hay all day. Some
Capelet for two loads of manure
today etc in all & sold them
at 1/2 price. Cut and
hay by a fine day kept finished
putting in fallow under me
Some time for pasture, Son
& I plowed a seam all day.
fine hay. Matta pulled out
weed on hay grounds and clear
generally. Ben horns are a
pasture all night tonight for
first time
30 I harnessed on seams all day
son & kept plowed. Very cold
and I was out of the room
and was not any to warm sleep
and lunch like rain all

(1744)

1912 around last now fell hour, head
there was a heavy shower down at
Beneford.
May 31 I sowed hay on seams all
day, son & kept plowed, Matta
sped fences. A bright clear day
just end. A fine thing it keeps
and when it is so dry
June 1 A fine day and not too warm
kept & son plowed on seams for
hay all day and I sowed &
harnessed. Matta was getting fences
at home
" 2 Another son is 60 today
and pasture is 149 acres and
today. A hot sun all day
had a cool breeze from west
and hats like rain tonight for
my day. I killed & harnessed
oil seeds kept & son plowed
George by day here for dinner
today so I was in pasture

(175)

1922 A clear sunshiny day and
June 3 a strong wind from S.W
Don Kappel finally blew the
Sewer away from the barley on
Sewer today down plowaway and
looking there all day. Mallet was
putting fence at home. A
very dry time no signs of moisture
in land and from sewer there
was the eye not open that year
"5 A very hot day wind S.W.
all day when it has been for
nearly a week now and at times
very hot and from beginning to
show the effects of heat &
drought. Tonight wind has turned
north and is back cloudy.
I finally decided Sunday
on Sewer tonight, but you see
finally on 21st so we are a-
head a little. Kappel went to
Don Kete forenoon of 21st

(176)

1922 blow fromt shaped, cool
came & took him to boat what
him home again, Don was here
morning on Sewer forenoon then
in afternoon he & Kappel de-
cided to blow fallow on S.E.
safety over. Mallet & Kappel
shut the next road.
Don & Kappel returned on Sewer all
day. Don plowed fallow on S.E. so
Mallet finished this he & plowed
large field forenoon, 22. A fine day
but very hot at times
"7 A cold day and it rained
a few drops at noon but did not
lay down. I was forenoon on Sewer
until four o'clock & finally had
the barley forward there &
for to follow the S.E. so and
made one round there, Don
plowing there all day. Boys fixing
road in lane with sewer fan

(177)

1922 A very cold day had to
leave 8 men with a heavy coat.
Don & I planned in forenoon 5 & 50
all forenoon went out afternoon
when it began to rain and we
came in kept chugging all
after noon but not much fuel
Boys were taking our parts &
getting fumes today. We were
a heavy rain that will so
down Boy makes with forward
' 9 Very cold all day had to
wear coats and mitts. kept
shaded and was alone only a
short time. Don & I planned
forenoon all day, kept shaded
and because and Mallets was
putting in some parts for a
few of. All signs of rain fore
troughs and we need it
so badly

(178)

1922 Don and I planned forenoon
leave 10 all day. Kept shaded
because and Mallets worked at fore
a bright clear day and a very
strong wind from S.W. it was cool
all day a fine day for working.
A slight part this way.
" 12 Don and I planned forenoon
all day and finished it the earlier
I have had forenoon alone for a
long time. A warm forenoon and
a slight breeze from S.E. at noon
it shaded up and a thunder storm
came up it went south east and
we got only a few drops out of
it and also some hail, then
wind got round to west and
it blew a hurricane all
afternoon lots of dust fog and
it was very hard on cargo. Kept
shading because and Mallets was
ing at forenoon

(179)

1922 A very hot day with a
breeze 13 slight breeze from west no
sign of rain. I commenced with six
horns forenoon on follow out in
afternoon I packed there. Son was
blowing in pasture west of house all
day. Ralph was hauling out manure
and Walter was churning in Spring Garden
" 14 It clouded up several times

today and we had no snow above
of rain hardly laid the dust
besides as if there was a big
rain worth, very close & hot
at times. I finished hennery
follow and far more of it
packed, Son was blowing in
pasture, Ralph hauled out
manure, and Walter was churning
stink weed all day. Cecil
drove down a few tonight
and we helped him till
11

(180)

1922 It cold wind all day
breeze from N. E. very damp and
feels very like rain, no sun show
all day starts to feel as if we
might get a big rain tonight
definitely but packing follow to-
night, Son plowed in pasture
Ralph hauled out manure
and Walter pulled weeds

" 16 Wind N. W. this day and
all signs of rain gone, well
it will soon be to last
for what as it is beginning to
heat and only big water days
our weather hardly dark, we
never wanted rain any more
thunder plowed in pasture all day
I packed the manure & plowed
after. Ralph hauled manure. Walter
took all wise away that was useless
& began to pack the manure.
barned in last state today

(181)

1912 A cold wind afternoon
June 19 but it was hot forenoon
a day cloud came up also.
some ~~thunder~~ and a rain
went with that we got some
of it. Tom & I plowed west
of home in pasture. Rachel
& Walter hauled the manure
and cleaned up generally
" 19 A clear hot day not many
clouds, and a hot day on the
farm. I packed a cart full in hay,
and then kept down the wheelbarrow
of hay got all the pasture packed
that is plowed. Tom plowed all
day. Walter cleaning up and getting
steam away from buildings.
Dane Smith came yesterday and
I took him out ~~to~~ Port Lake
in buggy in afternoon, went over
fence at Williams town & Walter
began to run it on Saturday

(182)

1912 after morning in hot for
some weeks. I was in Port Lake
today for first time in six weeks.
June 20 A very hot day, a slight breeze
at times but very little and it was
very hot for our hay houses. Tom
and I plowed in pasture all
day in some places found so hot
we could not plow with it. Walter
hauled from east bridge
Walter & Rachel fixing fences
" 21 A very sunny day but a hot
Sun cloudy in night. Went with
Dane clacks all day. Tom
& I plowed in pasture west of
house forenoon and the back
there after. I did some weeding
and packed new potatoes in
cellar. Walter, Grace, humid & Dan
went up to Dan Smith's to a
picnic after noon. Grace & humid
went to Port Lake with the children

(183)

1922 A perfect hot day. Gals
June 22 went to Bar Lake. Gotta
cut out trees all around again
there today. Ralph went out in
afternoon & built, buried fence &
also some plum pointers, rest of
we first set around it was
too late to make over a fence
in shade on our thermometer, it
is a wonder anything is alive
after so much heat & drought.
A strong S. E. wind & some lightning
are we so to bad
" 23 When have last night a
lot of thunder & lightning and
we also had a good rain. The
first since heavy stopped coming
at five this way. But it helps
dull all day and we also
had some very heavy rains
during the day. I elevate
fence for chopping and

(184)

1922 boys wanted at fence around
Lenny road. Ground well water
now. I went to the furnace in my
tooth pin down for chimney
then school closed for summer
holidays today
June 24 Rained a few drops for
" but clear & nice after rain. Cold
here for dinner & took her & I out to
Bar Lake we went by Harrison's
bridge the first time I have crossed
it this year, they are still working
at it. See left for foot today.
and our school is closed until
after holidays. We had a meeting
of Directors of Sp. Society today
was finished flying up picture
of house. Boys wanted at track
way before
" 26 A very fine day saw some clear
all day but wind was north and it
kept cool. Delays to the old woman

(185)

1922 Spent to pieces. We got some wood sawed at noon, then spent the evening & parting for the two pallets made in kitchen. Boys were also pulling weeds after dinner. I cut after dark. He has been down at Smiths near Rumpstone school

during a very fine day saw my hat at times then there would be a nice breeze. Saw's & Dad's hats former hats are Cuckoo-hat plan and the is at Haverhill. Afternoon I rode up Dept's and boys for it all sailed, they were pulling weeds in farm forenoon.

28 A cold north wind all day and very little sun. Saw and pulled weeds in farm crop all day in Day's garden. Ralph was helping in house painting. Walter had in Ben's garden and saw

(186)

1922 Saw Ben's feet on potatoes.

Lease & Ben's went to Rumpstone trying for to make the first day party.

June 29 A dull forenoon and a heavy dew this night. From very wet it was pulling weeds in farm with Ben and it was me to the farm. Saw was plowing patches of thistles in out a day. Walter went to Dad's lake and shot some very plain that was getting fixed there. Ralph was painting in house before to rain at noon and kept dropping nearly all of the morning a hot fall and with the cold weather will do a lot of just as what is nearly all in head and making to fast

30 Saw John nearly all day but it was not very hot as there was a cool breeze. Saw went to Dad's lake in Day's forenoon and in afternoon he pulled weeds in farm. Ralph was

(187)

1922 painted in home. One of Cecil's
colts in our pasture on well for
its well there and was shown
we had to get perhaps 5. down's
from A. Kinney's get him out
a long time Cecil & his men
came down & helped.

July 1st A lovely day and not for
Rags & Grace went to Lincoln this
morning took Rose Roberts & her
dog with them. Tom & I worked
at today's drive on hill apart
also down to the
house & opened

" 3 A fine day sun warm all
day. I began to know Ray on
Seven this morn', but arrived with
noon then you moved after-
noon and I went to a church
meeting at 7 o'clock. After that
up house & opened to Cecil
forenoon & that down his

(188)

1922 however. In afternoon Hallett &
Ralph attacked alfalfa. Cecil
took our fine bundle of what we
had here & sold at 1.25 per hundred
he took us some amount of profit
July 4 Rags got alfalfa all at once
at ten o'clock and then we had
a slight rain for a couple of
hours and they showed how some new
scuffles in potatoes & Tom and I
made two rounds cutting hay on
Seven then had to stop for rain
& spent balance of day taking
all the corn out & putting it apart.

J. R. Kennedy but being down
here today
" 5 A cold wind from north west all
day Tom & I cut hay on Seven
all day fine but south of Hallett
Hallett three times but it was too
windy. Ralph got it all
made up mostly Hallett
a very fine crop
